## DYNAMITE IN SHERIFF'S CONTROL

Hawley's Stock of Explosives  
Investigated by Federal and  
State Officers

WHITE'S MEMORANDUM  
STARTED SOMETHING

City Marshal Orders Explosive  
Taken Outside City Limits  
of Santa Ana

A. E. Hawley and his business of  
selling dynamite received a severe  
official jolt yesterday with the result  
that hereafter the dynamite sales  
must be handled in a different way  
and the dynamite must be kept se-  
cure, not open to easy theft.

The matter was brought to a head  
here when Chief of Police Keno Wil-  
son of San Diego got word from his  
office there that a memorandum was  
found in a book taken from the pocket  
of Jack White to the effect that  
there was 1200 pounds of dynamite in  
the possession of A. E. Hawley of  
Santa Ana.

This was a startling discovery. The  
I. W. W. was under investigation, and  
the officers were satisfied that some  
I. W. W. members would resort to  
the use of dynamite to gain their  
points. There was war on at San Di-  
ego between the city government and  
the I. W. W. forces. Threats had been  
communicated to Chief Wilson to the  
effect that "they would get him." Jack  
White was one of the leaders. He  
was the man who came here from  
San Diego and stirred up a campaign  
among the Socialists, seeking sym-  
pathy for the twenty-four I. W. W.  
men in the county jail here, held as  
prisoners for San Diego. He had a  
memorandum to the effect that Haw-  
ley keeps dynamite.

To the San Diego chief and C. H.  
Delacour it seemed significant that  
White should keep a record concern-  
ing dynamite, for so far as known  
White is not engaged in any legitimate  
business that requires dynamite.

Yesterday the dynamite situation  
was looked into by Sheriff Ruddock.  
Everybody here knows that Hawley  
sells dynamite, that he supplies it to  
ranchers who use it for stump-blow-  
ing, well-blowing, breaking hardpan,  
etc. His records show sales running  
from ten to 150 pounds per day.

The situation as disclosed here  
was that Hawley kept the explosive  
at his residence in a careless manner.  
To the officers it seemed an easy  
matter for any person who desired  
to do so to steal dynamite from Haw-  
ley's supply. Moreover, the sales were  
not under any kind of control by of-  
ficers of the law.

Hawley had 1100 pounds on hand  
and said he had a ton of it on the way  
here. There are state and federal laws  
against keeping dynamite in quanti-  
ties of over fifty pounds in a place  
inside the limits of the city.

Hawley declared his willingness to  
do anything required of him. Since  
the thing broke loose he has made  
two sales on dynamite, one for stump-  
blowing and the other for tree-plant-  
ing. One application has the o. k. of  
Sheriff Ruddock and the other the  
o. k. of Constable Jackson. Hawley  
states that hereafter he will make  
no sale of dynamite without the ap-  
plication has the o. k. of an officer.

Hawley's situation is far more se-  
rious than many people think. That  
he has unintentionally violated feder-  
al, state and city laws regulating the  
control of dynamite is certain, and  
so far federal, state and city officers  
have taken a hand in the matter.  
Sheriff Ruddock is now custodian of  
the dynamite that was found at Haw-  
ley's place. He will turn it over to a  
federal officer, expected this after-  
noon from Los Angeles, and the fed-  
eral officer will then do as he sees  
fit.

The city ordinance prohibits keep-  
ing over fifty pounds of dynamite in  
any one place inside the city limits.  
This morning City Marshal Wilson  
notified Hawley not to store the ton  
of dynamite that is coming within  
the city limits, and he notified Sher-  
iff Ruddock, who has charge of the

## "Church of God" Head Arrested As Embezzler

LOS ANGELES, Cal., March  
29.—Gorham Tufts, Jr., a mis-  
sionary and a student of  
the occult, well known in Los  
Angeles and Long Beach, as well  
as in other Southern California  
cities, was arrested at 10 o'clock  
this morning on a bench warrant  
issued following his indictment  
by the county grand jury last  
night charging specifically the  
embezzlement of \$4000 from his  
wife, who was Mrs. A. R. Roe, a  
millionaire widow of Fort Worth,  
Texas, and Chicago.

Mrs. Roe's daughter, Miss  
Mary Roe, declares that other  
sums were used by Tufts. Tufts  
was arrested in a theater yester-  
day on a vagrancy charge, and  
held in the city jail until arrest-  
ed today on a bench warrant,  
when he was removed to the  
county jail.

Tufts, known as the founder  
of the "Church of God," of a  
school of mysticism, met Mrs.  
Roe at Long Beach in December,  
1910, and interested her in his  
financial schemes for spreading  
this work in India. On April 19,  
1911, they were married and  
have lived together until three  
weeks ago, when his wife left  
him.

PARIS, March 29.—Robert Bacon,  
United States ambassador to France,  
was the guest of honor at a farewell  
luncheon given by the American  
Chamber of Commerce yesterday.

### Operation on "Bob"

#### Taylor Proved Successful

WASHINGTON, March 29.—Sen-  
ator Taylor of Tennessee underwent  
an operation for gallstones yesterday  
and it was pronounced successful.  
Hopes are entertained for a speedy  
recovery.

### San Diego Asks Arizona

#### To Join in Panama Exposition

PHOENIX, Ariz., March 29.—A San  
Diego exposition committee arrived  
here today to request the legislature  
and governor to assure an Arizona  
building and exhibit at the exposition.  
The outlook is favorable.

### Third Tragedy of Month

#### In Nebraska Penitentiary

LINCOLN, Neb., March 29.—The  
third tragedy of the month in the  
state penitentiary occurred today when  
Charles Davis, a half-breed Indian,  
stabbed to death John Strong, a negro.  
The murder took place in the dining  
hall. The Indian was overpowered,  
but refused to explain the motives for  
his homicidal act.

1100 pounds found in Hawley's pos-  
session, to take the dynamite outside  
the city limits.

Hawley has been keeping the dynamite  
at his house, located at the old  
baseball park in the northwest part  
of the city. He has kept small quan-  
tities at his gun store on West Fourth  
street. Hawley asserts that he has a  
record of all dynamite that he has  
sold.

Hawley is in an unfortunate posi-  
tion for the reason that he was one  
of the local Socialists who gave en-  
couragement to the I. W. W. men in  
jail here during the time that Jack  
White, the San Diego leader, was  
here. To the San Diego officers this  
was thought to be of significance, but  
local officers who know Hawley well  
are convinced that it is merely a co-  
incidence that Hawley is a Socialist  
in sympathy with the free-speech fight  
at San Diego and at the same time a  
dealer in dynamite. Had it not been  
for this coincidence in Hawley he  
might have been in jail today.

## JERRY M WON GREATEST CROSS COUNTRY RACE

LIVERPOOL, March 29.—Jerry M.  
owned by Sir G. Sabeton-Smith, today  
won the grand national steeple chase,  
the world's greatest cross-country  
race. R. Bower Esnays, Bloodstone,  
second; Earl Derby's Axlepin, third.  
There were twenty-four starters and  
the course was four and one-half  
miles. The first prize was \$17,500.  
King George did not attend the race  
because of the miners' strike.

## BIG FLOODS IN MISSISSIPPI VALLEY

Heavy Property Damage and  
Loss of Life Already  
Being Reported

RAILROADS CRIPPLED  
AND TRAINS ARE STALLED

Thousands of Acres Flooded  
in Lowlands, and Dykes  
are Crumbling

OMAHA, March 28.—The breaking  
of the ice gorge at Elkhorn, and the  
rising of rivers is causing the highest  
waters here experienced in forty years  
and the most disastrous floods this sec-  
tion has ever known. Heavy property  
damage is reported with loss of life.  
All railroads are crippled, with scores  
of trains stalled. Bridges and tracks  
are washed out.

THOUSANDS OF ACRES IN  
LOWLANDS INUNDATED

ST. LOUIS, March 29.—General  
rains are prevailing throughout the  
lower Mississippi valley. The river is  
rising rapidly and the high mark of a  
week ago is again threatened. Heavy  
damage has been sustained along the  
junctions. Thousands of acres have  
been inundated in the lowlands and  
dykes in many sections are crumbling.

## ARIZONA IS AFTER BIG CORPORATIONS

Two Bills Before Legislature  
Provide for Drastic  
Regulation

PHOENIX, Ariz., March 29.—Sen-  
ator Worsley has introduced a bill in  
the Senate for creating a tax com-  
mission of three members with pow-  
er to force a declaration of all prop-  
erty and to force corporations to be  
assessed on their actual cash value.  
The penalty for refusal permits the  
state to add ten per cent to the val-  
ue and purchase price. A bitter fight  
is expected over the bill.

A second bill introduced is design-  
ed to prevent interstate corporations  
from transferring their cases from  
state to federal courts. The penalty  
proposed is a forfeiture of rights to  
engage in business in Arizona. The  
proposed law is based on the prece-  
dent offered by a Kentucky law passed  
in 1903, which the federal su-  
preme court upheld.

## 200 MILITIAMEN ON GUARD AT INQUEST IN ROCK ISLAND

ROCK ISLAND, Ill., March 29.—  
With two hundred militiamen sur-  
rounding the courthouse, the inquest  
of Frank Kellogg, who was shot dur-  
ing the recent political riots, began  
this morning. Sixty witnesses were  
summoned.

A special grand jury convened this  
afternoon to investigate the riots.

## KING GEORGE SIGNS MINIMUM WAGE BILL AND IT IS NOW LAW

LONDON, March 29.—Wild cheer-  
ing in the House of Commons greeted  
Premier Asquith's announcement that  
King George had signed the miners  
minimum wage bill.

The mining districts report the min-  
ers' referendum vote as a slow pro-  
cess but that it will probably agree  
with the government's plan.

U. S. SENDS AMMUNITION  
AND GUNS TO AMERICANS

Rebels Issue Edict for Killing  
of Madero if Captured—  
Carnage Will Ensnue

WASHINGTON, March 29.—A  
million rounds of smokeless cart-  
ridges have been shipped to Am-  
bassador Wilson at Mexico City.  
President Taft issued a special  
dispensation permitting the viola-  
tion of his order prohibiting the  
shipping of arms to Mexico.

Rumors are afloat that Ameri-  
can marines will be landed at  
Vera Cruz and marched to the  
capital if violence ensues.

## MADERO REGIME TOTTERS— DEATH MENACES PRESIDENT

WASHINGTON, March 29.—Com-  
munications from Mexico City con-  
firm the widespread rumors that the  
Madero regime is tottering to an end.  
Authentic dispatches state that the  
rebels are certain to triumph soon,  
including the capture of Mexico's cap-  
ital.

The rebels have already issued a  
proclamation that Madero will be  
shot if captured. The dispatches  
state that the president is actually  
preparing to flee. Should he leave  
it is confidently asserted that pil-  
lage, murder, heavy loss of prop-  
erty, and perhaps the loss of lives of  
foreigners will ensue when the rebels  
capture the city.

The State Department has official-  
ly announced that one thousand ri-  
fles, a supply of revolvers with suf-  
ficient ammunition, were shipped yes-  
terday on the Ward liner New York  
to Vera Cruz, and consigned to Am-  
bassador Wilson at Mexico City.  
These will be distributed among  
Americans to defend themselves in  
case of emergency. Anti-foreign sen-  
timent is growing, and the arms were  
sent, it is stated authentically, on  
the arrival of copies of threatening  
letters and messages that Ambassa-  
dor Wilson has received.

## REBELS ROUT FEDERALS IN SKIRMISH NEAR NOGALES

NOGALES, Ariz., March 29.—Three  
Mexican federals were killed in a  
battle with rebels twenty miles  
southeast of Nogales, in which the  
federals were routed. This afternoon  
thirty Mexican federals entrained in  
pursuit. Fifty rebels were in the  
party.

## GEN. AUBERT SUCCESSFUL IN SLIPPING AWAY WITH ARMY

JIMINEZ, Mex., March 29.—General  
Tracy Aubert and his column of 1200  
federals yesterday waged a desperate  
battle in his attempt to escape the  
greatly superior forces of the rebels.  
The fight occurred at Ateitico  
and vicinity, eighteen miles west of  
here. Losses on both sides were  
heavy.

The battle lasted for hours, but  
shortly after 6 o'clock last night it  
was reported that Aubert had extri-  
cated himself for the time being at least,  
leaving the rebels in possession of  
the field.

It was Aubert, with his 1250 men,  
who came from Torreon by way of  
Mapimi through tortuous defiles of  
the mountains and by threatening  
Jiminez made it impossible for Orozco  
to follow up his brilliant victory  
at Corralitos by pursuing the  
routed federals as they fled toward  
Torreon.

Had his own base at Jiminez not  
been endangered by Aubert, Orozco  
easily could have annihilated the  
fleeing remnants of the joint com-  
mands of Salas and Blanquet. Aubert,  
with consummate daring, knowing  
that he was outnumbered almost four  
to one, pushed his way on Monday to  
the Dolores ranch, about nine miles  
west of Jiminez, and was driven back  
only after a hard five-hours' fight  
Tuesday night, which, however, was

## DIXON ASSERTS WILL NOMINATE ROOSEVELT

Denounces Taft Press Reports. Says New  
York Favorable. Mississippi  
Elects Two Sets Delegates

SACRAMENTO, March 29.—Sen-  
ator Dixon, Col. Roosevelt's presi-  
dential campaign manager, in a long tele-  
gram to Governor Johnson bitterly de-  
nounces the Taft campaign methods  
in the New York and Indiana pri-  
maries and convention. He said:

"Press reports from Indiana and  
New York are deliberate falsehoods.  
In Indiana we carried six congression-  
al districts uncontested and two con-  
tested. Taft carried five uncontested.  
We elected a majority of two hundred  
delegates to the state convention. Only  
two New York delegates were in-  
structed. The delegation is probab-  
ly about one-third for Roosevelt, one-  
third for Taft and one-third for the  
band wagon."

Dixon predicts that presidential pri-  
maries will prevail in Illinois and  
Maryland, with Roosevelt carrying  
them both. "That we will nominate  
Roosevelt in Chicago is certain," were  
the concluding words of the telegram.

## ROOSEVELT TALKS AT ALBERT LEA ON TARIFF

ALBERT LEA, Minn., March 29.—  
Speaking here in the home district of  
Congressman Tawney, Col. Roosevelt  
discussed the tariff issue, repeating  
his famous Sioux Falls 1910 speech.

Indiana Gets in Line  
WASHINGTON, March 29.—Cheer-  
ing reports from Indiana state that  
the congressional district conventions  
in the sixth, eighth and ninth districts  
elected Roosevelt delegates and gave  
them castron instructions.

## MISSISSIPPI CONVENTION NAMES ROOSEVELT MEN

WASHINGTON, March 29.—Tele-  
grams from Jackson, Miss., say of  
the convention held yesterday:

"After the most strenuous effort in  
the history of the Republican party in  
Mississippi we carried the state  
convention, as made up by the state  
committee, by a three-fourths vote.  
Many men who have always acted  
with the machine voted for the elec-  
tion of D. W. Gary for chairman, and  
also for the election of four delegates  
and four alternates to the Chicago  
convention from the state at large.  
The delegates elected were W. E.  
Mollison, S. H. Redmond, Charles

Bank and S. W. Graham. Instructions  
for Roosevelt took the roof off the  
house. We were the victors over the  
bosses and Colonel Roosevelt was in-  
dorsed vehemently.

## CONTESTED DELEGATION FROM MISSISSIPPI

JACKSON, Miss., March 29.—Four  
delegates at large from Mississippi  
were selected, instructed for Presi-  
dent Taft. This means another con-  
tested delegation between Taft and  
Roosevelt on the floor of the conven-  
tion.

WASHINGTON, March 29.—Taft  
headquarters predicts that within  
three weeks, and possibly two, Taft  
will have enough delegates pledged to  
insure his nomination on the first  
ballot. He claims 274 already. The  
Taftites believe that Roosevelt and  
La Follette progressives will be di-  
vided in Nebraska, giving Taft an op-  
portunity to win there.

## IOWA GREET'S ROOSEVELT'S TALK FOR "PEOPLE'S" RULE

CEDAR RAPIDS, Ia., March 29.—  
Colonel Roosevelt was warmly greet-  
ed here upon his arrival. Two thou-  
sand people heard his platform speech  
pleading that government be taken  
from the hand of "big business" and  
its control restored to the people.

Two thousand people also gathered  
at the station in Rock Island, Ill., to  
see Roosevelt, but he was asleep and  
his friends refused to awaken him.

## LA FOLLETTE GAME TO TRY AGAIN IF DEFEATED NOW

DENVER, March 29.—Before start-  
ing to California to direct the La Fol-  
lette campaign there, Walter Houser,  
La Follette's campaign manager di-  
rectly charged the United States steel  
corporation with backing Roosevelt.

He said:  
"The same interests behind Taft  
are also backing Roosevelt. It is un-  
doubtedly the biggest political game  
ever attempted in America. By back-  
ing Roosevelt's campaign the steel  
trust hopes to split the real progres-  
sives. Roosevelt is not a progressive  
as his acts plainly show. If La Fol-  
lette does not win at Chicago, he will  
try again in 1916 and again in 1920."

## Wilson's Visit Recalls The Capture of Morales

In the two days that Chief of Po-  
lice Keno Wilson of San Diego was  
here taking part in the federal in-  
vestigation of the I. W. W. prisoners  
in the county jail, he shook hands  
with many old-timers of this county  
who knew Wilson when he lived in  
this county and later when he made  
a state-wide reputation as a fearless  
officer.

Along about 1888 Wilson worked  
for Bill Lamb in the lowlands. He  
went from here to Oceanside, where  
he was a constable. It was in the  
great chase and capture of the desper-  
ado Morales that Wilson became  
known as a sleuth who never quits.

Morales stole some horses in this  
county. Wilson got on the trail. He  
found Morales' partner, shot three  
times by his companion. Morales  
abandoned the horses, stole another,  
abandoned that and stole another.  
During the chase Wilson recovered  
about twenty horses stolen by the  
outlaw.

Morales stole a 13-year-old girl, and  
took her with him across the Santa  
Ana mountains. Wilson followed the  
trail for days and nights, going with-  
out food, shelter or sleep.

It was one of the most remarkable  
experiences in the history of this  
county. Theo. Lacy, former sheriff  
here, tells of seeing Wilson, gaunt  
and hungry, but relentless on the  
hunt. Of all the officers hunting for  
Morales, Wilson alone said he would  
take him alive if he could. All the  
others declared they would kill him  
on sight.

After two months and six days on  
the trail, Wilson captured Morales  
in the tules of the Bixby ranch-house  
an artillery duel and in which there  
were comparatively few casualties.

When the federals finally were dis-  
lodged, they fled, pursued, to the  
southward, and it was supposed they

near Los Alamitos. Ranchmen be-  
gged Wilson not to go into the swamp  
after Morales. They told him it meant  
certain death. But Wilson went. He  
and a Mexican drove a herd of cattle  
into the tules, and followed on the  
horses behind them. Morales was  
sharpening a knife, his back toward  
Wilson when Wilson got out his rifle  
and covered him.

That night Wilson took his prison-  
er from the ranch-house, barely es-  
caping a mob from Anaheim set out  
to lynch the prisoner. He spent the  
night at Lamb's house, and the next  
morning he brought the man to the  
depot here. George Insley helped  
guard him. The train was late, and a  
tremendous crowd gathered when  
word got out that Wilson had captur-  
ed Morales. An attorney named Hay-  
ward, whose escapades are well re-  
membered by pioneers, burst through  
the crowd, and declared he was hired  
to look after Morales, a statement  
that Wilson did not believe. He de-  
manded that Wilson do not take Mo-  
rales from this county. Wilson looked  
Hayward squarely in the eyes and  
told him to quit bothering him or he  
would bat him between the eyes with  
his revolver. This is exactly what  
would have happened had not some  
citizen taken Hayward by the coat  
collar and kicked him out of the way.

"I never knew who that fellow was  
who threw Hayward out," said Wil-  
son, "but he certainly did get rid of  
him."

Morales was sent to prison. Recent-  
ly he was let out on parole, and is  
now working for a rancher near Sac-  
ramento. His partner, who was shot  
by Morales near Pala, recovered and  
was sent up for five years.

He would not return, but Aubert led his  
forces back.

One pound of cotton has yielded as  
much as 4770 miles of thread.

## COAL STRIKE LOOMING LARGE

Five Hundred Thousand Coal  
Miners Likely to Quit Work  
Next Monday

ANTHRACITE MINERS ARE  
TO STOP PENDING VOTE

Government May Take Action;  
2000 Ohio Miners Out to-  
day—More Tonight

CLEVELAND, March 29.—Presi-  
dent White of the United Mine  
Workers of America this afternoon  
ordered the suspension of all anthra-  
cite coal mining pending the refer-  
endum strike vote.

President White's order instructed  
immediate suspension. He ordered  
every particle of work to stop dur-  
ing the progress of the referendum,  
which will show whether or not the  
miners will vote to strike. The or-  
der followed the apparent final fail-  
ure of all negotiations between the  
operators and miners.

The anthracite miners affected by  
the order number 168,000. It will re-  
quire at least a month to take a  
vote. Meanwhile, the anthracite sup-  
ply is sure to be consumed, and it  
is possible that many mines will be  
compelled to suspend.

The principal demand of the min-  
ers is a twenty per cent wage in-  
crease.

## GOVERNMENTAL ACTION IS BEING GENERALLY PREDICTED

CLEVELAND, March 29.—General  
predictions of government inter-  
vention in the coal mining difficulties  
are accepted today. Labor Commis-  
sioner Chas. P. Neill, who is survey-  
ing the situation, refused to com-  
ment, but the impression is growing  
that governmental action is contem-  
plated. With the present wage scale  
of bituminous and anthracite coal  
miners expiring on next Monday, and  
the consequent stoppage of coal pro-  
duction, a strike of 500,000 miners is  
believed certain to begin on that  
date.

## 2000 OHIO MINERS OUT TODAY ANTICIPATING STRIKE

WHEELING, W. Va., March 29.—  
Anticipating a general strike through-  
out the bituminous coal region on  
next Monday, April 1, 2000 miners of  
Belmont county, Ohio, struck today.  
The rest of the miners in Belmont  
county are expected to go on strike  
tonight.

## FEDERATION OF LABOR LOOKS FOR GENERAL COAL STRIKE

WASHINGTON, March 29.—An of-  
ficial statement from the American  
Federation of Labor concerning the  
coal strike situation says:

"The present indications are that  
there will be a general suspension of  
mining in both bituminous and an-  
thracite fields. Efforts to adjust the  
difficulties have failed. In some  
parts of the anthracite field, prepara-  
tions have been made to employ  
strikebreakers, but it is not believed  
this will be done."

## MINERS BELIEVE STRIKE- BREAKERS ARE EMPLOYED

WILKESBARRE, Pa., March 29.—  
The general belief among miners  
here is that many strikebreakers are  
being employed in the anthracite  
fields. Miners have already begun  
taking their tools from the mines in  
anticipation of a general strike.

## EXTRADITION CASE OPENS

LOS ANGELES, March 29.—Hear-  
ing the extradition argument in the  
case of Charles Hoffman, charged  
with complicity in the theft of \$300-  
000 from the New Westminster, B. C.  
Bank, began today before Federal  
Commissioner Van Dyke.

## FAVORS DIRECT ELECTION

BOSTON, March 29.—A resolution  
favoring the election of United States  
senators by a direct vote was adopted  
by the house of representatives yester-  
day. The senate has not yet voted  
on the proposition.

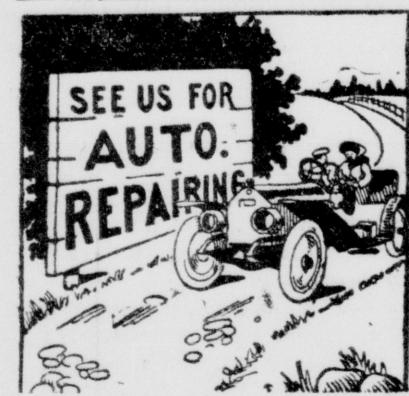

## NEWS BUDGET OF FAIRVIEW

Thimble Club Entertained by  
Mrs. T. S. Harlin on Wed-  
nesday Afternoon

FAIRVIEW, March 29.—As a fare-  
well to her home, Mrs. T. S. Harlin  
entertained the Thimble Club Wed-  
nesday afternoon. Dainty refresh-  
ments were served. The dining room  
was attractive in pink roses. A large  
basket filled with beautiful roses or-  
namented the center of the table.  
Favors of bouquets of roses and place  
cards with the word "farewell" and  
rose buds hand painted, made an at-  
tractive table. The guests enjoying  
the delightful afternoon were: Mes-  
dames W. S. Babb, J. W. Heath,  
James MacKie, J. H. Bethel, J. E.  
Howard, W. D. Baker, Will Devenney,  
J. Jamerson, H. H. Hinse, W. T. Hay-  
hurst, O. T. Burgess.

Rains and alternating sunshine  
have made the country a vivid  
green. Grain crops promise to be  
excellent.

There will be an election in the  
Fairview school district on Friday,  
April 5, to elect one trustee for the  
term of three years, the term of W.

R. A. Stevenson, teacher of the  
Fairview school, and Drew MacKie  
attended a party in Santa Ana last  
Friday evening, given by the Baraca  
class.

Mr. and Mrs. J. Jacobs gave a  
very delightful dinner Sunday at  
their attractive bungalow on Avenue  
Eighteen, Los Angeles, in honor of  
the birthday anniversary of Mrs. J.  
W. Heath. A large number of relatives  
and old time Illinois friends were  
present.

On Monday Mrs. Arthur Gabbie,  
a sister of Mrs. Heath, gave a thea-  
ter party at the Majestic Theater in  
honor of the same occasion.

The revival meetings closed here  
last Sunday evening.

The Fairview schools will have  
their spring vacation next week.

Miss Alice Friend entertained a  
few friends Wednesday evening at  
her home in Pollerino. Those to en-  
joy the evening were: Juanita Brad-  
bury, Cora MacKie, Drew MacKie,  
Charlie Bradbury, Alex Jamerson and  
Charlie Shiffer.

Mrs. S. Funk of Garden Grove was  
the guest of her daughter, Mrs. T. C.  
Burgess, during the past week.

Mr. and Mrs. G. A. Bisbee of Pasa-  
dena, were week-end visitors at the  
home of Mr. and Mrs. W. T. Hay-  
hurst on Huntington Drive.

M. S. Ferguson was at Newport  
Beach on business Wednesday.

Mr. and Mrs. J. E. Howard, Mr.  
and Mrs. J. H. Bethel and little  
daughter, and Mrs. James MacKie,  
motored to Newport Beach Sunday.

Geo. Clark of Los Angeles, former-  
ly of Fairview, was in this vicinity  
Wednesday.

## THE CITY ELECTION IN ORANGE

To the Voters of Orange:

Those who are thinking or trying  
to think for themselves in our city  
campaign, those who are seeking for  
the facts and for the truth to guide  
them in what is best to do, when  
once in the voting booth, are con-  
stantly handicapped by the continued  
misstatements and misrepresenta-  
tions of our local papers. And I  
want to call attention to some of  
these in the name of decency and fair  
play.

In the last issue of the Post it is  
stated editorially that I "at first fa-  
vored the north bank of the historic  
Santiago from Main street to Glas-  
sell street, for the P. E. route," and  
that I now oppose that route "be-  
cause it is not picturesque. More  
than likely his reason for going back  
on his recommendation to Paul  
Shoup is because he is afraid he will  
be called upon to dig up some of the  
right-of-way money."

Now this is on a par with other  
false statements and representations  
continuously made in the columns of  
the Post and News. As, for instance,  
a statement that the Athletic Club  
meeting gave "practically a unani-  
mous vote for, and a ringing endorse-  
ment of, the old board," when as a  
fact vouched for by dozens in at-  
tendance at that meeting, there were  
not to exceed one-third of the voters  
present who voted to endorse the old  
board.

Mr. A. Dittmer was the first to  
suggest the creek bed route, so far as  
I know. When Mr. Shoup was here  
I took him, with Mr. Dittmer and a  
P. E. engineer, in my auto, and we  
looked over this undesirable creek  
bed route. After looking it over, Mr.  
Shoup asked to be shown along the  
present route. After returning to  
Orange, Mr. Burnham told me that  
in order to keep the line in its pre-  
sent location, which he thought bet-  
ter than the other, he would see  
that rounding the Hargrave corner  
and straightening the line at his  
southeast corner would not cost or  
cause anything. I did not approve  
of the creek bed route at any time  
after seeing it, and the same afternoon  
that Mr. Shoup was here, I called on  
Mr. Dittmer and told him it was a  
mistake. I told him we had enough  
of alkali beds and river beds be-  
tween Santa Ana and Los Angeles,  
and that we, at Orange, ought to  
avoid such routes. We agreed at  
that time to turn our efforts towards  
the present route, and wrote the next  
day to Mr. Shoup a strong letter ask-  
ing him to not consider the creek  
bed route, and the letter was signed  
by S. M. CRADDICK and A. DITT-  
MER. I have not changed my views  
one iota since—so the willful, mali-  
cious misrepresentation of the Post  
is nailed. But it would keep one  
pretty busy to run down and prove  
the many misstatements of our pa-  
pers, and as it is getting to be pret-  
ty generally understood that the  
statements in these papers are not  
reliable, it is scarcely worth while to  
notice them. I am not able to give  
as much towards securing the right-  
of-way as I would like to give, but I  
said at one time that I would give as  
much as the combined Post force,  
and I will make good. The Post  
says further:

"Mr. Dittmer's talk at the banquet  
was only a convincing contradiction  
to all that Mr. Craddick said."

Well, let us see. In the first place,  
Mr. Dittmer did not even touch upon  
the most important matters present-  
ed by Craddick; viz., the extrava-  
gant mismanagement of the people's  
money. Again, a prominent young  
merchant who was present told me  
that before the banquet all the mem-  
bers were on the side of the old  
board. After the speaking they cer-  
tainly were not, as some did not  
vote, and others voted in favor of  
my argument. One member told me  
that my argument was far and away  
ahead of Mr. Dittmer's, while a very  
prominent member remarked that I  
spiked Mr. Dittmer's guns at the  
start. I only mention these facts to  
illustrate farther if need be, the unre-

liability of statements we read in  
our partisan papers. The Post force,  
if I am not mistaken, claims to be-  
lieve in the Commandments, one of  
which says, "Thou shalt not bear  
false witness against thy neighbor."  
I was fully satisfied with the result  
of the banquet meeting. The young  
men were courteous and attentive,  
and served a splendid menu. I am  
not at all uneasy but that the cap-  
able men presented by the Reform  
ticket will receive some votes from  
the club members. I am not a pub-  
lic speaker and do not claim any  
honor or glory for any good argu-  
ment I made, for it is really an easy  
matter for any one to speak to an  
attentive audience when the speaker  
is on the right side of the discussion  
and has only to present plain facts  
and figures. I wish that every voter  
might study the map presented in the  
last issue of the Post. It is almost  
identical with the claims I have  
made, that the town as a whole  
leans or drains toward the southwest.

Figures in the northeast indicate 138  
and in the southwest 81, the inter-  
vening ones being 120, 108, 100, 98,  
90, etc., showing a general down  
grade towards the corner of La Veta  
and Batavia. This same map shows  
Batavia to be nearly level from north  
to south. But what of it? Santa  
Ana has long lines of sewers on the  
dead level, and with the flush tank  
system it is as good; but sewers  
north could be made five feet deep,  
which with six feet deep on the  
south would answer all purposes.

But all of these quibbles of the  
supporters of the old board are only  
to divert the attention of voters  
from the main question of misman-  
agement. Every member of the  
board as at present constituted signed  
a petition, with 650 others, to the  
then board, asking that the Chamber  
of Commerce skeleton system be  
adopted. If it wasn't a good thing,  
why did they petition for its adop-  
tion? Just the same business (?)  
reasons that characterize other acts  
of the board.

The News says that two public  
meetings have endorsed the old  
board; but let us see. There are  
1347 voters in Orange. At the first  
cut and dried meeting 65 voted to en-  
dorse the old board; at the second  
we will say 40 endorsed the old  
board. This makes a total of 105,  
with 1242 yet to hear from. The  
Post says of the banquet talk: "Mr.  
Craddick was true to his principles"  
(That far the Post correctly rep-  
resents me), but it says further: "He  
has gone on record time and again  
as being 'ferinst' everything that he  
was not the leader of."

I was against the first proposed  
sewer system because it was wrong  
in every detail, and because the  
board had agreed to pay \$6000 for a  
farm when \$200 was sufficient. A  
prominent booster admitted after-  
wards that the defeat of that plan  
was the best thing that had ever  
happened Orange.

I opposed the third, or present  
plan, because it was—is, a cheat—an  
extravagant waste of money. I voted  
and worked for the Chamber of  
Commerce plan because I believed it  
to be by far the best plan for Or-  
ange, and it becomes more apparent  
each day that I was right. I favored  
and voted for the polytechnic  
school. I favored and voted for  
bonds for the fire department, and fa-  
vored \$20,000 for water bonds. The  
Post was "ferinst" woman's suf-  
frage, good roads, and the best sewer  
system ever offered to Orange. I  
decide a question on its merits, re-  
gardless as to who is for or against  
it. Our city papers appear to copy  
after "Me Too" Platt of New York,  
who, when the great Roscoe Conk-  
ling of New York was managing the  
politics of that state, and decided  
that some great issue should be car-  
ried or "frowned down," whatever  
course Conkling decided upon, Mr.  
Platt would sanction. So that Platt  
came to be known as "Me Too"  
Platt. In Orange, the push decides  
that this must be carried, or that

**FIVE TWENTY-THREE**  
By Percy Shaw.  
(Some of the Lawrence operatives  
make \$5.23 weekly wage.)

Five twenty-three in dollars and  
cents;  
Curious figures—what do they  
mean?

An item, perhaps, in your daily ex-  
pense,  
But dropped from your books be-  
twixt and between.  
A box of cigars—a trinket—a bet—  
Losses at auction—roses, maybe,  
Scarcely worth serious notice and—  
yet—  
Tragedy's writ in that five twenty-  
three.

Five twenty-three in dollars and  
cents—  
See that gaunt creature—hulk of  
a man,  
Toes peering out and clothing in  
rents?

Follow him close to the haunts of  
his clan.  
Of course he's unshaven, of course  
he's unclean,  
Of course he is hungry—so would  
you be  
If you mortgaged your life in return  
for a lien  
To keep up a home on five twenty-  
three.

Don't run away; come in; look  
around;  
Of course the room's bare; of  
course the room's chill;  
That specter? His wife; those heaps  
on the ground?  
Children too young to work in the  
mill.

No greetings, you say? Gaze on her  
eyes,  
Why do they shine? Wait, you  
shall see—  
The wage of a week in his trembling  
hand lies—  
Count it, my brother, five twenty-  
three.

Come here's a problem—what can  
she do?  
Rent—food and clothing, how can  
she pay?

Only four babies—I leave it to you.  
You in your wisdom shall tell her  
the way.

No? Suppose they are ill, or they  
die?

Death's a good landlord, his dwell-  
ings are free.

Why do they shun him? Why do  
they try  
With life in the balance on five  
twenty-three?

Tell me, my sister, why do they try?  
You've craved a baby close to  
your breast.

You've heard enraptured its weakling  
first cry;  
You know the glory of parenthood  
best.

Yes—love's in their souls; it's all  
that they own—  
Triumphant, uplifting, compelling  
and free

Of hunger and rags, serene on its  
throne,  
It fights for the future on five  
twenty-three.

## HUNTINGTON BEACH IS MORE INTERESTED IN ITS SCHOOL ELECTION THAN MUNICIPAL

Chief Interest in City Campaign Centers In Contest for City Clerk, for Which A Woman Is a Nominee

HUNTINGTON BEACH, March 29.—Happy Huntington Beach!

She has a city election coming on and saloons and Socialists are both-ering her not one bit. Moreover, the factional feeling is deadlier than it has been since long before the city incorporated, and when a city is not suffering from rabid factional feeling one may bet that things are looking up.

There is far more interest in the school election that is coming on April 5 than there is in the city election that is coming on April 8. It is almost unbelievable, but it is a fact.

It is not so much a question as to who is going to be city trustee as it is who is going to be trustee of the grammar school.

Three Go Out  
Three of the present city board go out. Those three are M. E. Helme, D. O. Stewart and E. E. French. Ed. Manning and W. D. Seely are the hold-overs.

H. T. Sundbye, M. E. Helme, E. E. French, M. D. Rosenberger and John L. Gail are the nominees for city trustees.

Three of these, the first three named, are running as a kind of concrete pier ticket.

A few weeks ago Huntington Beach took a straw vote to find out what the people thought about a municipal pier. The beach city is up and coming with a lot of big improvements in mind, and one of the big things to be done is to build a \$70,000 municipal pier. The straw vote was taken to see what was the favorite, the concrete pier or the wooden pier. The concrete pier won out about six to one, and now everybody is for the concrete pier. Rosenberger and Gail have the backing of the Citizens' League, which, however, seems not to be a factional league.

The Sundbye-Helme-French support to a large extent is backing up C. E. Lavering for re-election as city clerk. tee.

Lavering has Mrs. Susie Whitmore as an opponent, and she and her friends are in to make a winning if possible, which winning will be prevented if Lavering's friends can do so.

A good many of the women are interesting themselves in the fight for city clerk, and of all the contests for office in the city election the one for city clerk occupies the center of the stage. When the evening of April 8 arrives, and the votes are being counted, the first question that will be asked is "Who got elected city clerk?" After that is answered a secondary inquiry will come along as to who got in as city trustees.

Ralph Graves has everything to himself in the fight for city treasurer. He holds the job now, and is out for a third term. But a third term seems to be popular at Huntington Beach; at least so far as it concerns Graves.

Appointive Officers  
If there is any one job that hangs fire on account of the coming election it is the job of City Marshal C. F. Sorenson, who seems not at all worried over the situation, for he keeps his proverbial good nature and holds down the job with dispatch. If he gets the reappointment, however, he has to defeat three other men who want it more or less badly. Jake Reed, for instance, has a petition out for the appointment, and E. L. Vincent wants the place, and so does E. Davis. The marshal is license collector, street superintendent and a few other things, and is one of the important officers of the city.

Two to One There  
The women are registered 176 strong in Huntington Beach, while there are 322 men on the Great Register. These figures are a little surprising to some people, who thought that the women would register nearly as heavily as the men.

The School Contest  
Two trustees of the Huntington Beach Union High School board find their terms ending. Dr. S. G. Huff of Ocean View district, president of the board, will be returned probably without opposition. C. R. Nutt, secretary of the board, has an opponent in Mrs. U. L. Kanawyer, and right there is where there is a contest.

In the Huntington Beach grammar school district is a vacancy to be filled, for the term of E. E. French ends. He is a candidate to succeed himself, and there are two women

seeking the office. They are Mrs. W. T. Newland and Mrs. E. M. Franklin, and there certainly will be some hustling on election day when the friends of these three candidates begin to go out after the vote.

Place of Enterprise  
Huntington Beach is growing rapidly, but the present climb is nothing to what is going to take place in the next four years. The men who have stayed by the beach city are the kind who are going to keep right on the job. They have a lot of things in mind for the betterment of the city, and they are going to be carried out. It has a fine location, and enjoys a distinction in that it is a beach town with a back country. It not only has a fine beach, but it has rich farming country contributory to it.

With its enterprising citizenship and its advantages, there is very reason to expect a big jump in Huntington Beach during the terms of office of those who are to be elected on April 8.

Huntington Beach deserves prosperity, and she has it, and she is going to keep right on with it.

The Huntington Beach News—by the way, a mighty good paper—has the following on the election situation:

"It is certainly pleasant to note that thus far in the municipal campaign here there has been no personal abuse, no attempted detraction of character and nothing advanced for the election or defeat of any of the candidates for the office of city trustee except the matter of a choice of persons. There is really no issue at stake and the five gentlemen whose names will appear on the ticket as candidates for the office of city trustee are men of known good character and capacity for discharging the duties of the office. A slight effort has been made to create the liquor issue—one that is absolutely dead in Huntington Beach—but as all the five candidates are declared opponents of a saloon or any other kind of liquor selling here, the effort to make the issue is simply absurd. It doesn't exist. There is really no reason why there should be five candidates for the three offices when the calibre of the candidates is considered—any three of them would be sufficient. Vote your choice. There is no principle at stake. Municipal progress and a clean city—that is what we want."

## S.A.H.S WINS ONE AND LOSES ONE DEBATE

Successful in Santa Ana But Defeated Yesterday at Huntington Beach

At a practice debate held in the local high school yesterday afternoon, Santa Ana won from Huntington Beach High with the splendid score of 205 to 178. The question, "Resolved, That the present session of Congress should enact a law authorizing the establishment of a parcels post," was debated, the affirmative being upheld by Hazel Challenger and James Ryan of Santa Ana, and the negative by Mr. Warner and Mr. Cann of Huntington Beach.

The Santa Ana team is composed of close reasoners, who have had excellent training. Their work in rebuttal yesterday was particularly good.

The Huntington Beach team won in the simultaneous debate held at Huntington Beach. Lenox Covington and Paul Wilcox upheld the negative side of the question when it was discussed at the beach town.

## THE CAUSE OF 90 PER CENT OF HUMAN ILLS

Prominent and reliable medical authority asserts that fully 90 per cent of human ills are directly traceable to clogged systems. Figure it out yourself—practically all the disorders of the blood, stomach, liver and kidneys are the result of poor sewerage. Thousands and thousands of the people you meet every day are only half living—They are living the typical American life—shortening their days and lengthening their doctor bills. I'll venture to say that for every man and woman who is today enjoying real buoyant, vigorous, bounding health—99 are suffering from various ailments due to clogged systems. If you are one of the 99, let me say this to you—"Brackett's System Builder" will set you right. It will gently but thoroughly houseclean your system—tone up every organ of your body and give you that enthusiastic, ambitious, tireless energy that is typical of perfect radiant health.

Brackett's System Builder is a purely herb remedy—no habit-forming drugs about it. It is put up in pleasant-to-take tablet form—50 doses, 50c—all druggists or Wheeler and Mateer, 104 West Fourth street.

## LIEN LAW INVALID IS COURT DECISION

Case to be Taken to Supreme Court to Gain Final Settlement

SAN FRANCISCO, March 29.—A decision of far-reaching importance to real estate owners, builders, contractors and building laborers was made yesterday by Judge Thomas F. Graham in holding that the new mechanics' lien law, passed by the legislature in 1911, is unconstitutional.

Only a small amount of money was involved in the suit in which Graham's decision was made, but the question is one of such vital importance to every contractor and owner in California that the California Building Law Association has engaged Lloyd S. Ackerman and H. A. Jacobs to carry an appeal to the Supreme court and gain an absolute and final settlement of the point.

## STANFORD DEFEATED BY U. C. PLAYERS

The University of California girls tennis players yesterday defeated the Stanford University team. In the singles Miss Little Kincaide of Long Beach, a sister of Mrs. Charles S. Kelly of Santa Ana, defeated Miss Elsie Parker of Santa Ana, 6-3, 1-6, 6-4. Miss Kincaide also played in the doubles, which were won by the University of California.

### PRESIDENTIAL PRIMARY

The presidential direct primary is a complete innovation, never having, as yet, been put to actual use in any state. (Except in North Dakota since this was written.) It is, however, perfectly logical and will sooner or later be adopted in all the states where the people have any control over their government. Like all forms of direct primary and direct legislation, the presidential primary is very distasteful to the old machine leaders and bosses. They are accustomed to look upon the people as a lot of children who need to be told what they want. We have developed of late in this country a new kind of aristocrat—the political aristocrat. Because he has some expertness in manipulating elections—usually with the aid of corporation money—he thinks himself the repository of all the political wisdom in that vicinity and regards the ordinary voter as an imbecile. He now has things rigged up so that he can enjoy absolute political power, and he proposes to keep it that way as long as he can.

The presidential primary is the next big event down on the cards in this state. It will be held in the middle of May. The voter is allowed to vote direct for some presidential nominee—as for example, Roosevelt or Taft or La Follette on the Republican ticket, or Wilson or Clark or Harmon on the Democratic ticket. Also he may vote for a list of twenty-six delegates who have expressed a preference for some candidate—as for example, Roosevelt delegates or Taft delegates.

Every voter in this enlightened state has reason to be thankful that direct primary laws prevail that allow him to make his vote count from start to finish. Under the old regime, which still prevails in eight states out of ten, we would be graciously admitted at the end of the game, and allowed to see how our political aristocrats had fixed it up for us. Now we are able to do the fixing ourselves.—C. D. Willard in California Outlook.

### LEGISLATORS SAY "ROOSEVELT"

Among members of the California legislature there is a preponderant sentiment in favor of Theodore Roosevelt as the next Republican candidate for the office of president of the United States.

Last week the California Outlook presented to its readers (and the Register reproduced it) the result of a poll of California editors, showing Mr. Roosevelt to be a decided first choice over Mr. Taft. This week it gives, in figures, the sentiment of our state lawmakers.

Post-cards were sent to all members of the legislative body. At the time the Outlook's report was written there had been 45 returns; and these show Mr. Roosevelt a favorite at the ratio of seven-to-one. There are 28 votes for Roosevelt; only four for Taft. Wilson, the leading Democrat, likewise receives four.

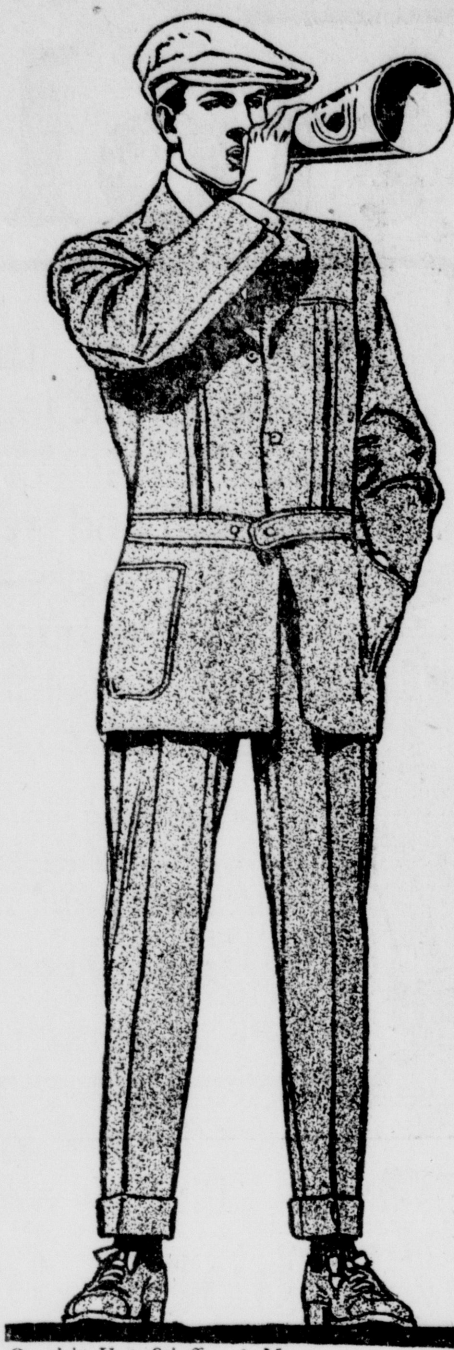

We let the figures tell the complete story:

	1st choice	2nd choice
Bryan	1	0
Clark	2	1
Cummins	0	1
Folk	0	1
Harmon	0	1
Hearst	0	0
La Follette	6	18
Roosevelt	28	3
Taft	4	1
Underwood	0	0
Wilson	4	0

### A FLOATING CITY

Even the term "floating hotel" as applied to ocean liners has already been outlived. "Floating city" would now be much more appropriate. The mania for size in ocean steamships has apparently at last reached its limit. But it can be safely said that this will not be so long. If progress continues at the present rate, even "floating city" will soon become beggary in its description.

German ship-builders are now constructing the Imperator for the Hamburg American Line. She is to be 900 feet long, and of a gross tonnage of 20,000. A man standing at one end of it will not recognize with the naked eye, another man at the other end. The largest warehouse in the world, for the construction of which forty houses had to be cleared away, could be placed inside of her. The funnels of the Imperator will be so large that a small river steamer could sail through one of them lengthwise. She

### MIGHT MAKE A MISTAKE

Sacramento Bee: Citizen—I see by the papers, Mr. Taft, you refuse to accept Mr. Roosevelt's challenge to let the popular vote of the states decide the issue between you. What is the reason?

The President—Well—ahem, ahem—You see, you can't trust the proletariat. It means all right, but is excitable and inclined to be carried away by demagogic promises. The people want me for president again, but they don't know it, and if we let them decide they are very likely to pick the wrong man to do themselves an injury.

### FRECKLE-FACE

New Remedy That Removes Freckles or Costs Nothing

Here's a chance, Miss Freckle-Face, to try a new remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles, while if it does give you a clear complexion, the expense is trifling. Simply get an ounce of ointment—double strength, from Wheeler & Mateer and one night's treatment will show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Barely is more than one ounce needed for the worst cases.

Be sure to ask Wheeler & Mateer for the double strength ointment, as this is the only prescription sold under a guarantee of money back if it fails to remove freckles.

## SOME OUNCES OF PREVENTION

Suggested by the Industrial Accident Board.

### The Best Insurance

The subject of insurance against industrial hazard has, just now, a prominent place in the public mind, and it is important that it shall have, but the best and cheapest insurance known lies in accident prevention, to which the legislative and industrial forces of California have given relatively little attention. However, the legislature, at its recent extra session, empowered, and required, the Industrial Accident Board to ascertain and investigate the best-known methods and devices for preventing the happening of industrial accidents. As time passes this board will have much to report that will be of interest to both workers and employers. Meantime, a few hints may be thrown out that should prove of practical advantage. From our press clippings we culled a few actual instances.

**Caught in the Gears**  
One of the most common devices for transmitting power, and for accelerating or diminishing speed, is by the use of interacting cogged wheels, commonly known as gears. Nearly every machine operated by power has them and they are a prolific source of accident. Charles A. Hulce, of Los Alamitos, a machinist twenty-two years of age, was caught, on February 15th in the gears of a machine he was oiling at the best sugar factory at that place. His left hand was frightfully injured, the wrist pulled loose from the bones of the forearm and the thumb was torn off. Tetanus set in and he died February 26, 1912. Without seeing the machine it is impossible to tell how that gearing could have been so protected that an oiler would not get his hand caught, but gears are usually so protected by sheet iron shields bolted onto the framework of the machine so as to cover the toothed wheels perfectly except at the oil holes. This protection can generally be added at a cost of \$1.50 to \$5.00 per machine and, if the machine be bought new and the buyer insist that protection be affixed, it is usual to provide it without additional cost. Some very large gears would cost more for such protection, but protection can usually be afforded at the price named. The value of that young life, as calculated by actuaries for purposes of selling annuities, was \$6,264 for each dollar per day of wages earned. If a machinist, he received \$3 per day, the state lost in his untimely death an asset worth \$18,792, perhaps enough to cover all the earnings on all the machines in all the coast counties between San Francisco and San Diego.

**Tetanus Set In**  
That was probably because the wound was not aseptically treated at the start. The American Red Cross Society will furnish a little booklet on first aid to the injured for \$1 and a little outfit for rendering aseptic first aid for \$5. Every industrial plant and farm should have such an outfit and it should be the duty of some person on the ground to learn how to apply first aid to serve until a doctor can be had. Gears are greasy, dirty things and likely to be germ infected. When lives are worth so much it will pay to go to a little expense in having someone about the place taught how to care for wounds until a doctor arrives. Such treatment might have saved this life, economically worth \$18,000 to \$20,000, although it could not have saved a hand economically worth perhaps one-fourth as much as the life.

**The Set Screw**

Lodi Steam Laundry, was killed December 21, 1911, his clothes having caught on a set screw whirling his body around the shaft until his life was crushed out. The set screw is to industry what the toy pistol is to a celebration of the Fourth of July—the cheapest and most effective instrumentality yet known for taking life with the largest attendant measure of horrors. A set screw is a screw running through the hub of a pulley wheel and "set" hard against the shaft to prevent the pulley turning on the shaft. It is usually permitted to protrude an inch or two so as to get caught in the clothing of anyone brushing against or leaning over the pulley wheel. Any such screw can be so sunk below the surface of the hub that it cannot catch at all and work with a wrench that will fit into it instead of over its head at a cost of 25 to 50 cents. In Dale's death a mother lost a son, a wife a husband, and the state an industrial worker possessing an economic value of many thousands of dollars, all of which might have been saved at a cost not to exceed 50 cents. Who could ask for cheaper insurance than that?

### The Exposed Shaft

Alfred James, eighteen years of age, at Fresno, on December 5, 1911, suffered his jumper front to touch a rapidly-turning shaft. Any garment so coming in contact tends by friction to cling to the surface of the shaft. If it follows it half way round it will get a considerable grip on the shaft; if it follows it once around it is then an issue between the power of the shaft, the strength of the fabric and the resistance of the person to whom that fabric is attached. The fabric of the boy's jumper was stronger than he and, in an instant, he was being whirled with lightning speed around the shaft smashing against the ceiling and adjacent timbers until reduced to pulp. His economic value to the state was in excess of \$6,500 for each dollar per day earned, and that shaft could probably have been so protected at a cost of \$1.50 to \$5.00 that the accident could not have happened. A common method is to encase such a shaft between bearings in a shell cylinder or in half-round shell that prevents the shaft getting a friction hold upon clothing. In any case the preventive device is the cheapest insurance known.

### The Point of View

When casualty takes place, such as those above described, and no financial liability attaches, it is customary for all concerned to view the incident as an act of God whose ways are inscrutable. When, however, the accident is coincident with a valid claim for damages or "compensation" the accident is perceived to have been the work of the Evil One, and not infrequently of the devil of indifference to the safety and welfare of those who serve us that we may prosper. Much depends upon the point of view, and if employers generally can be convinced that Satan is after them, gears will be covered, set screws counter-sunk, shaftings encased and Red Cross first-aid to the injured appliances will be an adjunct to every business office and some member of the force will know how to use them.

### LICENSED YESTERDAY

FULLERTON, March 29.—A marriage license was issued in Los Angeles yesterday to Ralph M. Putnam, 34, of Fullerton, and Ruth E. Munger,

**The Man They Admired**  
Several senate clerks and stenographers were gossiping in the Capitol building the other day, telling reminiscences of statesmen past and present, when Senator Cummins of Iowa passed them. "Ah, there's the best of all of them," one remarked. "Right you are," asserted another. "Foraker was great, but, in some respects, this man even surpasses him." "I doubt if this old building ever forgets his memory," sighed a third. "Wonderful in debate!" was the fourth man's contribution. "No man was ever his equal in the hulla-balloo of a hot fight on the floor." A stranger had listened to the praises, following Senator Cummins with his eyes as long as he could. "Who is he?" he asked eagerly. "Some famous orator? The country's leading statesman, perhaps? A political genius?" "Genius nothing!" granted one of the stenographers. "Why that man's the slowest talker of the senate and the easiest to take in shorthand!"

## Invitation To Ladies

Owing to the many patients which we have under treatment at Santa Ana the Radio Specialist of the Therapeutic Institute of Los Angeles has made arrangements to make regular visits at Rossmore Hotel on Tuesday of each week until further notice from 9 a. m. to 4 p. m. Every suffering woman is invited to call for free consultation and advice.

Among the vast number of women patients fully three-fourths tell of having previously submitted to some painful and dangerous operation, involving in most instances, the sacrifice of some important organ, and that, too, without the slightest relief or benefit, while many find their sufferings to have been aggravated and intensified.

Our treatment saves suffering women from dangerous surgical operations. It has proven efficient, reliable and successful in all manner of diseases of women. It has cured the most severe cases of Inflammation and Congestion of the Womb, Inflammation and Congestion of the Ovaries, Ulcerations, Fibroid Tumors, Ovarian Tumors, Incipient Cancers, Falling of the Womb, Irregular, Profuse, Painful Menstruation, etc.

**A Simple, Safe, Reliable Method That Cures Quickly Without Drugs, Caustics or Operation—No Knife, No Pain**

Our treatment is applied directly to the affected parts. It is mild, soothing, healing, and has immediate effect. Some cases are cured with one or two treatments—there is no shock, no pain. A cure from this treatment is guaranteed to be permanent.

If you have failed to get relief from old-time methods of treatment, do not despair—there is still hope and help for you.

Every afflicted Man and Woman is invited to come and talk with us about his affliction and let us demonstrate free the means we have employed successfully in hundreds of other cases.

Consultation, Examination and Advice Free and Invited. Call at the hotel on the above date, or at our home office.

## MISCELLANEOUS SHOWER

### Bride-to-Be Honored by Members of Priscilla Club and Other Friends

Miss Minnie Wilson, who is soon to be married to Miner Coates and who will make her home in Tulare after her marriage, was the guest of honor yesterday afternoon at a miscellaneous shower tendered her by the Priscilla Club of which she is a member. The club utilized its regular meeting day for the shower which was held at the home of Mrs. Verne Bishop. The affair was pleasantly informal, the young women busy themselves with dainty fancy work until the auspicious moment for the shower arrived. Miss Minnie was happily remembered by her friends, many pretty gifts, which were mostly of lovely china pieces, being showered on her. She will particularly prize these in her new home.

At five o'clock the hostess invited the guests to a dainty two-course repast, duchess roses aiding in carrying out a pink decorative scheme apparent in the refreshments.

The members of the Priscilla Club present besides the hostess and Mrs. Bishop, were: Mesdames A. M. Shaw, Ray Dresser, Gilbert Williamson, Joseph Head, Will Howell, Will Wilson, Leslie McBride, A. Murphy, Victor Flinster, Misses Gertrude Percy Winters, Cora Winters and Miss Wilson, the honoree.

Other guests were Mesdames Harry Swonger, Frank Townsley, Harvey De Wolfe, Merle Ramsey, Bert Swishelm, Clarence Wilson; Misses Elsie Elliott, Margaret Bowen, Nell Johnston.

## Classmates Meet

These columns recently recorded two happy reunions of former students of Lawrence College, Appleton, Wis., class of 1887, including Mr. and Mrs. Justin Copeland of this city. These fortunate people are again enjoying a "reunion," one of their classmates of Maine Wesleyan Seminary, Kents Hill, Maine, being their house-guest. The guest is Mr. J. F. Stevens, of Mount Vernon, New York, and he is accompanied by his wife on his visit to the coast.

This present reunion, though the number participating is small, is notable from the length of time elapsing since the friends slipped together from the "Pierian spring" at Wesleyan Seminary, it being sixty years since that gala time of youth. From a village five miles from Kents Hill, Maine, these three and Mr. Stevens' sister, betook themselves to the educational town and there set up a housekeeping establishment in a suite of rooms while they zealously applied themselves to study in the seminary. Later, Mr. and Mrs. Copeland decided to go to housekeeping for themselves in a life-partnership. Today they are reviving old memories of school days with Mr. Stevens. The other member of the quartet, Mr. Stevens' sister, has passed from earthly scenes, preceding her classmates to a celestial land where books count not at all, but only love is known.

The Copelands are hoping for many visits from Mr. Stevens in the future, as he has bought a fine residence property in Pasadena and expects to come to California to live.

## Y.M.C.A. Reception Tonight

The reception to be given by the Y.M.C.A. to all young people's societies tonight promises to be a great success. A good program has been prepared by the entertainment committee, and everybody will be made to feel at home.

The young people of Santa Ana should take this opportunity of becoming acquainted with the local Y.M.C.A., its members, officers and committeemen.

The reception will be held in the parlors of the First Methodist church beginning at 8 p. m. During the evening the basketball championship banner will be awarded to the winning team. Everybody is invited to attend and take friends to this pleasant affair.

## Birthday Celebration

Mrs. Damsel Tomlinson's eightieth birthday was celebrated Thursday with a noon dinner at the home of Mr. and Mrs. Mit Phillips, her son-in-law and daughter.

During the morning many beautiful flowers were sent in honor of the natal day and these added to the attractiveness of the pleasant surroundings. On the dining table, pink roses were used and in the living room carnations diffused their sweetness.

The Tomlinsons came to Santa Ana more than twenty years ago and the dinner friends of yesterday were

neighbors and friends of these years and those of years spent in the Eastern home. At the table and during the hours of the afternoon social conversation was enjoyed, and Mrs. Mit Phillips' sweet voice was enjoyed in song. Many pretty remembrances were received by Mrs. Tomlinson.

Those for whom covers were laid and who participated in the blowing of candles and the extending of wishes for the days ahead were: Mesdames Baker of Glendora, C. L. Soster of Los Angeles, H. C. Plotner of Redondo, He'ral of Kansas City, J. Spotts of Orange, E. D. Cook, A. McCowen Cheeny, J. Cummins, M. Nisson, A. L. Cole, and Wheeler of Santa Ana.

## Commercial High School Notes

The contest in rapid calculation given by Mr. Hughes of the Commercial High School was closed with great success. After six weeks' hard work George Mattocks, Karl Kneen, Frank Hill and Bennie Osterman tied for first place. Mr. Mattocks won the tie and was awarded the prize.

Mrs. Webber and Miss Lapum are holding contests in their spelling classes which are creating great interest among the students. A lazy fellow finds no peace around this bunch. His fellow-students attend to his case if he fails to do his part toward winning out in scholarship.

The attractive course of study is still bringing students to the Commercial High School, regardless of the time of year.

## A Larger Audience

The audience at the First Christian church last night was larger than at any previous evening service Sunday evening. The quartette by the ladies was enjoyed by all. The sermon was on "The Nature and Power of Faith." Tonight the theme will be "What Must I Do to Be Lost?" There will be services Saturday evening. A great meeting for women and girls Sunday at 3 o'clock. Mr. Lowe will speak upon "The Triple Crown of Womanhood." Sunday evening's theme is "What Must I Believe to Be Saved?"

## Personals

How to Tell if Your Hair is Diseased

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98 per cent of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want every one whose hair requires treatment to try Rexall "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and prevent baldness.

It is because of what Rexall "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store. Wheeler and Ma-teer, 104 West Fourth street.

## "LITTLE MISS FIX IT" EVERYBODY PLEASED

"A happy hilarity in two acts" is the way the press agent has been describing "Little Miss Fix It," and that is exactly what the production proved when it was put on at the Grand Opera House last night. There was a good big crowd out, and everybody laughed, which goes a long way to make an evening at the theater successful from the standpoint of all concerned, the audience, the players and the management.

Miss Alice Lloyd proved to be a most pleasing comedienne. Her take-offs and singing were such as easily convince one that she won fame in London vaudeville, which she did. Next to Miss Lloyd the biggest hit of the evening was Percy Paget, Englishized to a finish. He was as thin as a rail and as funny as the funniest.

All the parts were filled most acceptably, and the play itself furnished situations amusing in the extreme.

## LOS ANGELES MEN OF WEALTH DEMAND A NEW CITY HALL

LOS ANGELES, March 29.—One of the most formidable petitions ever prepared in Los Angeles was filed with the City Council yesterday as the first official step in an organized movement to secure from the council definite action toward the immediate construction of an adequate city hall on the Temple Block site.

This petition contains the names of most of the prominent and influential commercial and financial men and firms in the city, and those who prepared the document estimate that it represents more than \$180,000,000 or \$190,000,000 assessed valuation in Los Angeles' business district.

## NEW HOMES AND MORE TO BUILD

Poultry Shipments Run Away  
Up—Thriving Communi-  
ty Growing

GARDEN GROVE, March 29.—Garden Grove has been enjoying a steady growth for the last few months, and now since the rain, unusual activity has taken place. There have been many new houses built, and there are several now under construction, with the prospect good for more in the near future. Real estate sales have been very active in the last two months, and many vacant tracts of land have been sold. Most of these will be set out to oranges, apricots, walnuts or other orchards. The soil and climate is well adapted to Valencia oranges, and apricots especially. As the supply of water all the year round is assured it makes ranching in the Garden Grove section secure.

Garden Grove offers unusual opportunity for investment and speculation in land. This vacant land, which is so suitable for oranges, apricots, etc., can be bought at from \$300 to \$500 an acre, and by setting it out to orchards a good increase at anyway from \$100 to \$200 an acre in a year or two can be realized.

This section is coming to be appreciated more all the time, and being so close to the electric car line to Los Angeles, and with a cheap and certain water supply, orchard land in Garden Grove is sure to be always in demand. Good profit can be made from these lands while the trees are growing, from vegetables and poultry.

There is an average of 23,000 eggs shipped from this point every day, above the home consumption. From a two and a half acre tract, even, a good income can be made from poultry.

Nearly every known vegetable flourishes here, and with the cheap irrigation secured from the pumping plants, many people are able to raise two crops off the land each year. Among the best paying crops are beans, beets, potatoes, chili peppers, onions. A large pickle factory in Los Angeles is supplied with cucumbers, tomatoes and chili peppers from this place.

**Give and Take**  
Over a carload of merchandise for the stores of the town is unloaded every day, and then is reloaded with produce and farm products for the city.

The electric road furnishes quick and cheap service with the Los Angeles markets. The passenger feature of the electric line will always make Garden Grove homes desirable also, for with the hourly service, one can go and return almost any time. The same is true in regard to con-

nection with Santa Ana, the county seat.  
Many people from Santa Ana have recently become interested in property in and near Garden Grove. This is so from the low price of vacant land in this section. Mr. Cook, who is opening up the tract of land in the southwest section, says he sold four lots to Santa Ana people in the last week.

**New Nursery**  
In this new tract J. Rawley is soon to open up a nursery yard. It will be both floral and a fruit nursery. This will make quite a pleasing attraction to homes that will soon go up there.

**Garden Grove Notes**  
Mrs. Sarah Mills went to Bishop, Cal., to visit with her daughter, Mrs. Geo. Warner, who is seriously ill with pneumonia.

Rev. Hodgkin and wife, who are conducting the revival services in the Methodist church, will conclude their meetings Sunday night.

Among the improvements in business houses which have been made recently is a forty-foot addition put on in the rear of the People's Dry Goods Store, by the owner, G. R. Reburn. This now gives the store a depth of 100 feet.

Junkin & Keeler announce that a carload of wheat will be on the track about April 2, and a good price will be made to those who take the wheat from the car.

S. S. Jackson of the firm of Reburn and Jackson, has just returned from a short business trip to Merced.

C. C. Hammond and wife, of Tulare are making a short visit at the home of Mr. and Mrs. Reburn.

The Garden Grove Garage states that on April 1, for one day only, a special ten per cent discount will be made on G. & J. tires.

## JUST IN TIME

Some Santa Ana People May  
Wait Till It's Too  
Late

Don't wait until too late. Be sure to be in time. Just in time with kidney pills. Means curing the back. Before backache becomes chronic. Before serious urinary troubles set in.

Doan's Kidney Pills are what you need. Here is testimony to prove their merit.

S. H. Whitehead, 607 W. First St., Santa Ana, Calif., says: "A great many people have called upon me to learn about my experience with Doan's Kidney Pills and at such times I have always recommended this remedy in the highest terms. For several years I was troubled by a weak and painful back. If I did any lifting or overworked, I suffered from sharp twinges through my loins. I also had much trouble from the kidney secretions, the passages often being too frequent, then again just the reverse. Doan's Kidney Pills, procured at Dean's Drug Store, helped me at once and it was not long after beginning their use that I was entirely relieved."

## ELEVEN ISSUED IN WEEK FOR HOMES

Pace Set for New Buildings in  
Santa Ana is Increasing  
With the Season

## POPULATION HAS BEEN INCREASING

Census Would Show That the  
City Has Grown Great Deal  
in Six Months

All told eleven permits were issued in the last seven days for new homes in Santa Ana. Most of them are for comfortable, substantial cottages and bungalows. The average is better than the one-a-day average that Santa Ana has been keeping up now for some months. The average is now coming up to three new homes for every two days, and the way things are going it will not be many days before the average will be two new houses per day.

This has been and still is a wonderful season of growth for Santa Ana. With all of the new houses that have been built in the last six months there are but few houses to rent. If that is not the most conclusive kind of proof of growth in population, then there is nothing short of a census to prove it. Every part of the city has enjoyed the season of prosperity. Every part of the city is growing. Every part of the city is hearing the sound of the carpenter's hammer.

Workmen began this week on the construction of an office building for Dr. John Wehrly on North Main street between Sixth and Seventh streets, adjoining the Keystone building.

Within a few days work on the remodeling of the First Methodist church will begin. This work will cost \$900. The United Presbyterian church from the outside is nearly the appearance of completion. With the taking down of the scantlings the beauty of the structure grows more apparent, and the church is being much admired.

J. W. McCormac has completed the moving of the old Witmer residence from the corner of Church and Main streets so that it faces on Church. It is the plan to build a new residence on the corner, and leave the south lot for the erection of a business college building at some future time.

Within a few days O. M. Robbins will be able to take possession of his new residence at the corner of E and Wellington. This structure has been much admired in the course of its construction, and now that it is nearly through the residence shows up in a most pleasing manner. The interior is a model of convenience.

## IMMENSE POWER OF WEALTH

Ingenious Writer Shows What World's Six Richest Men Could Do If They Combined

In the Strand Magazine appears a unique article with the title, "What Six Rich Men Could Do." The author has taken as the world's six richest men John D. Rockefeller, Pierpont Morgan, Astor, Lord Strathcona, Andrew Carnegie and Lord Rothschild. He calculates that between them they own \$5,000,000,000. What might they do with such a sum if they combined forces? What things could they not achieve with \$5,000,000,000? Suppose they were aggressive and inclined to wage war. They could put 1,000,000 men in the field and maintain them for ten years, perhaps for twenty. The American Revolutionary War cost \$700,000,000. The wars with Napoleon from 1790 to 1815 cost Great Britain \$2,250,000,000. The Crimean war cost \$150,000,000 for two years. The South African war cost England \$1,250,000,000. The rich sextet could have borne the costliest of these wars and had a good sum over.

If they turned their attention to the sea they could with half their capital build a fleet that would be unique, overpowering, irresistible. The biggest fleet in the world—that of Great Britain—could probably be duplicated for \$1,000,000,000. Again these invincible six could give \$100 each to every man, woman and child in the British Isles. They could buy all the automobiles in the world and then have enough left over to purchase the Panama and Suez canals, and after that sufficient to buy up British shipping. These are a few of the startling things these six elderly gentlemen could do with their combined wealth if they only possessed the requisite audacity, imagination and agreement.

## COUNTY ASSESSOR SLEEPER FINDS MANY CHANGES IN COUNTY DURING LAST YEAR

"I never saw anything to equal the change that has been made in this county in the last year," said County Assessor James Sleeper.

Sleeper has been over the county, visiting all parts of it in carrying out the 1912 assessment. Naturally he is as well informed as any man in this county as to the improvements that have been made during the last twelve months.

"I find new houses, new barns, new garages, new oil wells, new farms, new pumping plants, and all kinds of improvements," said he. "Any person who makes a trip over the roads that are not the usual main roads will be surprised at the things he will see. There are lots of new orchards, and dozens and scores of places where a ranch has been cut into two or three ranches. This county is growing at a rate more rapid than ever before in its history. Lands that used to be thought worth little or nothing are now being used for orchards. These pumping plants have made a wonderful difference in the county."

"The growth in the cities is keeping pace with the country, and both cities and country are going ahead at a surprising rate. This is a great county, and people are coming in faster than ever before."

## PROPERTY CHANGES REPORTS AT ORANGE

Orange News: W. N. Shields has disposed of his fine modern six-room house and two large lots on North Lemon street to Mr. Amos, a recent arrival from Tennessee. Mr. Amos has been looking over property all through Orange County during the last two months, finally selecting this city for a home. Dutton Bros. were agents in the deal.

Dutton Bros. have just closed the sale of the M. C. Rolls residence property on West Palmyra avenue to Mr. R. T. Cassidy of this city. Mr. Cassidy came to Orange from Indiana a few weeks ago and was well enough pleased with the vicinity as to invest a property here.

The sale of the J. A. Wilson ranch on North Glassell street, has been reported. The purchaser is Mr. Johnson, formerly of Pomona, and recently of Long Beach. Mr. Wilson received \$21,000 for the ten acres, part in Long Beach property. He is undecided yet as to whether he will go to Long Beach or remain here.

## Admires Pastor Russell's Book.

Atlanta Constitution:—Bill Arp, the "Southern Philosopher," wrote the following review of "The Divine Plan of the Ages" some time before he died: "It is impossible to read this book without loving the writer and pondering his wonderful solution of the great mysteries that have troubled us all our lives. There is hardly a family to be found that has not lost some loved one who died outside the church—outside the plan of salvation, and, if Calvinism be true, outside of all hope and inside of eternal torment and despair. We smother our feelings and turn away from the horrible picture. We dare not deny the faith of our fathers, and yet can it be possible that the good mother and the wandering child are forever separated—forever and forever?"

"I believe it is the rigidity of these teachings that makes atheists and infidels and skeptics—makes Christians unhappy and brings their gray hairs down in sorrow to the grave—a lost child, a lost soul!"

"This wonderful book makes no assertions that are not well sustained by the Scriptures. It is built up stone by stone, and upon every stone is the text, and it becomes a pyramid of God's love, and mercy, and wisdom. 'There is nothing in the Bible that the author denies or doubts, but there are many texts that he throws a flood of light upon that seems to remove from them the dark and gloomy meaning. I see that editors of leading journals and many orthodox ministers of different denominations have endorsed it and have confessed to this new and comforting light that has dawned upon the interpretation of God's Book. Then let every man read and ponder and take comfort, for we are all prisoners of hope. This is an age of advanced thought, and more thinking is done than ever before—men dare to think now. Light—more light—is the watchword.'"

No, He Never Bragged  
"The average American millionaire," said an American Socialist in a recent address, "brags too much about his wealth."

"I stated this fact one day in the smoker of a Pullman. My companion agreed with me, but a fat man across the aisle, who must have been listening, leaned across and said sternly: 'Young man, you're all wrong. The American millionaire rarely, if ever brags about his money. I, for example, never bragged about my money in my life, and yet I'm worth close to four millions!'"

A very homely clergyman was severely battered in a railroad wreck, in which he suffered the loss of a foot. One day soon after he took unto himself a wife, a beautiful woman. The ill-used minister met an old friend on the street, who banteringly asked how in the world such a pretty girl came to marry him. "Oh, ladies like

**PROFIT IN HAND**  
(The following poem might well be entitled the Slogan of Big Business.)  
Mine is the gain so I raze Forest and fringe from my land.  
What care I for food or drought, Gullied field and soil sluiced out, Famine and farm of sand?  
Mine is the profit in hand!

Mine is the gain so I loot Oil, coal and ore at demand.  
What care I for another's lack, The lash of need on another's back, The splutter of the law's reprimand.  
Mine is the profit in hand!

Mine is the gain so I draw Blood of my men at command.  
What costs me their faint and fall, Dying choke or crippled crawl, Cries of their fellows unmanned?  
Mine is the profit in hand!

Mine is the gain so I goad Girls till they sink where they stand.  
What can I profit from babes to be born?  
What can I gain through loves forlorn,  
Women forever child-banned?  
Mine is the profit in hand!

## DOUBLE FUNERAL MOST IMPRESSIVE

Mr. and Mrs. Samson Edwards  
Laid to Rest—Hundreds  
Attend Funeral

Mr. and Mrs. Sampson Edwards, united in life and not divided in death, were laid in their last resting place yesterday afternoon in Alamos cemetery, with simple ceremony. Gathered at the burial ground was a large company of Westminister friends and many others who had attended the funeral service held in the First Presbyterian church of Santa Ana earlier in the afternoon. The funeral, probably the most largely attended of any ever taking place in Santa Ana, friends being here from many points in Southern California, was impressive to a high degree. The aged couple, lying calmly in their splendid gray caskets that were provided for their long sleep, gave little evidence in their peaceful appearance of the tragedy of sudden and violent death through which they came to the end of life's long journey. Surrounded by a glorious wealth of flowers, in the church they loved and where they had faithfully paid worship to the God they had gone to meet, the aged dead were paid tribute by their past and present pastors.

Opening the service was the reading of the 46th Psalm by Rev. Schoenraker, once in charge of the church here. Rev. H. E. Murkett of the First Methodist church, voiced a prayer. He was followed by Rev. Dr. Junkin, who was long pastor at Westminister for Mr. and Mrs. Edwards. He related several incidents of their long acquaintance and testified to their devotion to the church and righteousness, and to their ever ready response to demands on time or money. Dr. Junkin incidentally stated that he is 83 years of age, one year older than Mr. Edwards.

Rev. J. A. Stevenson, present pastor of the First Presbyterian church, dwelt on the fact that this was a Christian burial, devoid of pagan or ostentatious rites; a simple religious ceremony well befitting the character of the upright people to honor whose memory it was held.

Misses Elsie Harrison and Hazel Rowley very touchingly sang "Face to Face," "It Is Well With My Soul," and "Saved by Grace."

One of the notable groups attending the funeral was composed of white ribboners, the W.C.T.U. women of Westminister and Santa Ana being seated in the central portion of the church, reserved especially for them. Just before the family took the last view of the dead, the W.C.T.U. women defied past the caskets, each placing a tiny bow of white ribbon in a large evergreen wreath resting on the casket of Mrs. Edwards, who has for thirty years been a devoted and consistent member of the Women's Christian Temperance Union.

The relatives of the deceased couple, including the sons and daughter,

Mrs. F. J. Rogers, their grand-children and other kin, occupied the Sunday school auditorium which was screened from the main assembly room. Following the solemn service, twelve grandsons of Mr. and Mrs. Edwards, Ernest, Reuben, Harry, Lloyd and Eugene Edwards and Roy Bowlsby, Edwin and Wesley Rogers, Leif Youtsey, Orvil Day, Glenn Baker and James Harvey acted as pall bearers. The two caskets were placed simultaneously in the two hearses awaiting to receive them, after being carried through files of waiting friends. The solemn procession, headed by the hearses drawn by gray horses, then wended its way to Alamos cemetery where Mr. and Mrs. Edwards were laid in the family lot near the grave of their daughter, Mrs. Bowlsby.

The sympathy of the entire community goes out to the bereaved families in their loss, but with it is mingled the feeling that "all is well," for the two who had journeyed together for sixty years, would infinitely have preferred to go into the Beyond together, than to have been separated in the sunset of their lives.

"If angels ever weep for joy, well might it be such sweet rest where married ones lie side by side asleep."

Dead? What is dead? Call we disturbing death—

The "little sleep" that thought and heart may take—

The "little sleep," a whisper or a breath

The morning light or falling rain may break?

Oh, no. The Great High Admiral who guides

Life's fleet, and sets his signal on the tides,

Will bring true souls, however tossed or driven,

Clasped 'round with glory, to the port of Heaven."

## CASCARETS SURELY STRAIGHTEN YOU OUT

No Headache, Biliousness, Upset Stomach, Lazy Liver or Constipated Bowels by Morning

Are you keeping your bowels, liver and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway through these alimentary or drainage organs every few days with Salts, Cathartic pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels. A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, coated tongue, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

**Platinum**  
The national jewelers' board of trade has started a movement to obtain legislative action for the proper marking of platinum, to distinguish pure from alloyed metal. The jewelers want some law enacted such as now covers gold and silver. With the absence of any regulation and the increased use of platinum some unscrupulous dealers have sold alloys for the real metal. To prevent this fraud a nation wide crusade has been started for the protection of buyers of platinum.

**Improving the Time**  
"These holidays give a great chance for rest and recreation," "Yes," replied Mr. Meekton; "if it weren't for these holidays I don't know when I'd get a chance to straighten up the basement and help Henrietta hang pictures."

## FULLERTON WILL MEET SANTA ANA

First Baseball Game of County  
Championship Series Should  
be Hot Number

Tomorrow will witness the first league baseball game for Santa Ana High School. The high school boys expect the hardest game that they will have to play to win the Orange county championship, tomorrow. Fullerton has a fast and heady team, and they are also out for the championship of Southern California.

The season has opened fine and the boys are in the best of shape. Coach Ratcliffe has been giving the boys batting and fielding practice all week, and they certainly will be there with a snappy game, and a determination to win a hard fought battle on the local diamond.

This year's track team was one of the best in the history of the school. No individual stars were developed, but the team was well balanced and worked together in great shape. The team lost but one meet the entire season. That was with San Diego, after a three hours' ride on the train. The prospects at the opening of the season were not very favorable for a championship team, but by hard work and good training the boys wrenched the Orange county championship from the other schools of the county.

On Tuesday afternoon last the boys who made their "letter" enjoyed a treat at the Dragon, given by Coach Ratcliffe. Bertrand West was elected captain for next year's team, and he should turn out a championship team. The boys who won the meet from San Diego last Saturday are to enjoy a chicken supper this evening at the home of Judge West, given by his son, Bertrand. The relay team was the guests of Lawrence Eaton on last Saturday evening and report a fine supper. So the team declares that the season was worth training for.

## THINGS ALL OUGHT TO KNOW

As Christian Bible Students—The Satisfactory Proof of "Why God Permits Evil."

One of the questions which comes to nearly every thinking mind today is, "Why does God permit evil?" As we look about us in the world we observe that it is filled with sorrow and trouble, sickness and pain and every trial we could enumerate, and we cannot help wondering WHY GOD ALLOWS IT. We realize that He is almighty and that He could prevent it if He wished. We read in His Word that He is more willing to do for His children than are earthly parents for theirs, and we know how much that means; yet oftentimes, it seems that those who try to do and live right have the most trouble. This question is made very clear in a book entitled, "The Divine Plan of the Ages." Every statement is backed by Scripture, and shows that while God does not sanction evil HE HAS ALLOWED SIN AND DEATH TO REIGN FOR THESE LONG SIX THOUSAND YEARS. This and many other subjects of deep interest to all of God's people are discussed fully and in language easy of comprehension.

## 10 An Elopement Fifty Years Ago

Married in La Crosse fifty years ago, the culmination of a pioneer day romance of the sort that is read about in fiction, Mr. and Mrs. R. E. Dougherty celebrated their golden wedding anniversary at their home at Rodeo, N. M.

But one witness of the marriage is alive, and he is James W. Young of La Crosse, told the story of the wedding, which follows:

"William Dougherty was born in Vermillion County, Ind., and so was his wife, whose maiden name was Mary Catherine Hiler. It seems that at the time of the wedding the girl's parents objected to the young man's attentions, which made it necessary for several other young fellows and myself to help the prospective bridegroom out of the difficulty.

"We got a skiff and rowed up the river to the girl's house, where we quietly got her out of the house and into the boat. We then rowed down through French Slough and up to the north side where Mr. Dougherty was waiting for us. We soon had Justice of the Peace Winston on the scene and the necessary ceremony was performed."—La Crosse correspondence St. Paul Dispatch.

Getting Her on Record  
"Am I the only man you ever loved?" he asked.

"Yes," she sighed.

"There is no rich man whom you ever cared to marry?" he persisted.

"No rich man I would marry," she said.

"Or no rich man you might marry if you chose?"

"No, but why do you ask these questions?"

"Just want to get you on record before our wedding so that afterward you won't be forever pointing out wealthy men to me as samples of what you might have had."—Detroit Free Press.

## GAS COMPANY CHECK \$411

City Trustees of Anaheim Held Regular Business Meeting Last Night

ANAHEIM, March 29.—The city trustees met last night in regular session with all members present except Mayor C. O. Rust, who is at present on a world tour.

A check for \$411.30 from the Southern Counties Gas Co. was received for the two per cent of their earnings for the past two years. The check was ordered returned to the company to be returned with a sworn statement accompanying it.

Sidewalk was rodded down on Palm street near Broadway.

Five building permits were granted, totaling \$4700, among which was

a permit for a dwelling for F. W. Flashman for \$1500, and one to R. J. Jenson for \$2100.

Five bids were received for the construction of section one of the sewer, but action on these was deferred until the next meeting of the board, Wednesday evening, April 3.

A report of the commission appointed about a year ago to investigate the opening of Lemon street was filed with the clerk, and a resolution was passed instructing him to advertise according to law before any action was taken on the matter.

Street lights were ordered in on Philadelphia street. The clerk was instructed to advertise for bids for the city printing for the coming year. H. H. Gardner was denied permission to exhibit a gasoline engine on the sidewalk. The street superintendent was given permission to employ another team for street work.

City Engineer Lewis reported that he had received a bid of \$600 for the old water works. The trustees said they would sell the same for \$1005. The engineer was instructed to run a line to determine the curb line on

Illinois street between Center and Broadway.

Mr. Orr, representing the American Orr Concrete Pole Co., appeared before the board, and offered to construct their concrete poles for use on the electric line belonging to the city, at the rate of 50 cents a lineal foot. Action was deferred for the incoming board.

A light was ordered placed at the intersection of Lemon and Adele.

Adjournment was taken until Wednesday evening, April 3.

## MEETING OF TAFT CLUB IS CALLED

ANAHEIM, March 29.—The Taft rally is to be held tonight in the opera house, and indications are that there will be a full house present. Delegations from Santa Ana, Orange, Fullerton and Buena Park have signified their intentions of being present. Music will be furnished by the Fullerton band and also by Ed. Crowther's Cadet Band of this city. A

parade will be held in the streets.

The speakers of the evening are to be Capt. John D. Fredericks, district attorney of Los Angeles, C. C. Chapman of Placentia, Richard Melrose of this city will also address the meeting.

The Taft Club already has a large membership, and at the rally tonight, the membership is to be open for more members.

## TAFT CLUB FORMED WEDNESDAY NIGHT

FULLERTON, March 29.—A very enthusiastic Taft meeting was held in the Bank Hall in this city on Wednesday night. Over 250 people were present, which included many women. Good music was furnished by the Fullerton band.

The meeting was presided over by C. C. Chapman, who also spoke endorsing President Taft for re-nomination. Attorney R. W. Richardson of Los Angeles was the principal speaker of the evening, and he was heartily received by those present. The Taft Club of Fullerton has a membership now of over one hundred. Wm. J. Wickersheim is the temporary chairman.

## AT THE COURTHOUSE

TEN YEARS IN  
SAN QUENTIN

Man Who Held Up S. S. Silk  
Found Guilty and Given  
Term in Prison

Yesterday a jury that tried Jesus Barela on a charge of holding up and robbing S. S. Silk at Huntington Beach found Barela guilty, and this morning he was sentenced to ten years in San Quentin. The evidence against Barela was conclusive. Silk positively identified him as the man who held a revolver on him and took his watch and \$30 from him. One of the principal witnesses was City Marshal Sorenson of Huntington Beach, who found the stolen watch on Barela when he arrested him. Barela was defended by Attorney Hartwick.

**Sent to Prison**  
Nazario Mendosa of Yorba was today sentenced to two years and six months in San Quentin. He pleaded guilty to passing a worthless \$15 check on J. Ziegler of Anaheim. Two other charges of a like nature were dismissed. Mendosa asked for probation, and Attorney W. M. Brown made a strong plea for probation, but Judge West said Mendosa had been too free to warrant leniency to that extent.

**Wants Pipeline**  
G. W. Whittell of Orange has petitioned the supervisors for a permit to lay a pipeline across a country road at the northeast corner of the C. A. Palmer tract.

**WILL BRING SAINZ  
BACK HERE SOON**

Sheriff Ruddock and another officer will leave tomorrow night with three prisoners. John A. Gordon is to go to Folsom for three years for robbing a Santa Fe car, Jesus Barela to San Quentin for ten years for robbery, and Nazario Mendosa to San Quentin for two years and a half for forgery. The sheriff will bring Rosario Sainz back from San Quentin for another trial on the charge of murdering Jose Machado.

WOMEN STRONG FOR  
FRISCO CITY HALL

Turned Out in Force and Aided  
Men in Voting \$8,000,000  
Municipal Bonds

SAN FRANCISCO, March 29.—By a majority of 11 to 1 the voters of San Francisco yesterday declared for the sale of \$8,000,000 worth of 5 per cent municipal bonds for the purpose of constructing a proposed civic center.

The result of the balloting insures the immediate construction of a new \$4,500,000 city hall and the acquiring of adjacent lands at a cost of \$4,300,000. In addition to the city hall there also will be constructed a \$500,000 municipal opera house, a \$1,000,000 municipal auditorium, a \$1,000,000 California state building and a handsome library building.

The women voters turned out in force and voted almost unanimously for the bonds.

**Painless Dentistry**  
In the Sunday school teacher's experience the only kind of a dentist she had ever known was a man who pulled or repaired teeth, so when the nice little girl in her class said her father was a dentist the teacher concluded to patronize him. She knew his address and called one day with nerves braced for treatment of an unsound tooth. She was shown into a small workshop, whose sides were lined with big grandfather clocks. "Dentist!" the man exclaimed. "Great Scott, no; I'm a clock mender, but I know how the kid came to make the mistake. People in this trade always call the fellow who makes a specialty of tinkering with grandfather clocks a dentist. The wheels of most grandfather clocks of American manufacture are made of wood, and when the clock stops the wornout teeth have to be removed from the wheel and sound teeth put in. So I really do work with teeth and deserve the name of dentist."

**An Irishman in Germany**  
An Irishman in Germany in three seasons has earned nearly half a million dollars on the turf. That is what James H. McCormick, the noted trainer of Sheephead Bay, has accomplished. In 1909 his horses won \$140,000, in 1910 \$125,000, and last year he capped the climax of his endeavors to capture the German money by finishing second to Emperor William's leading winning stable with \$160,000 to his credit. He has forty-six horses in training for this season and will follow up his success.

**ORDER TO SHOW CAUSE**  
In the Matter of the Estate and Guardianship of Samuel James Tuffree, a Minor.

In the Superior Court of the County of Orange, State of California. Guardian of the person and estate of Samuel James Tuffree, a minor.  
It is ordered that all persons interested in the estate of said minor do appear before this court on the 24th day of March, 1912, then and there to show cause why all of that real property situated in the County of Orange and State of California and described as lots eleven (11) and fourteen (14) of Tuffree's subdivision of Section 19 and 20, Township 2 South, Range 3 West S. B. M., described should not be leased for the period of twenty (20) years, for the purpose of exploiting for oil and petroleum, and extracting the same therefrom, upon the payment of a cash bonus of \$5000, and the further payment of a one-sixth of the net oil produced from the premises during the existence of the said lease.  
Reference is hereby made to the petition on file herein for further particulars. And it is further ordered that this order to show cause be published for two successive weeks in the Santa Ana Daily Register, a newspaper of general circulation, published in the County of Orange, State of California.  
Dated March 14, 1912.

**The "Baby McKee" Jokes**  
One day, in the course of business, I found myself in Mrs. Harrison's presence. That she was suffering keenly needed no telling. She had been reading some of the newspapers; and as I approached she raised her eyes and exclaimed:  
"Oh, Colonel Crook, what have we done!"  
Shocked at her appearance I said: "I do not understand, madam. What do you mean?"

"What have we ever done," she exclaimed, "that we should be held up to ridicule by newspapers, and the president be so cruelly attacked, and even his little, helpless grandchildren be made fun of, for the country to laugh at?"  
For a moment I did not know what to reply; and she continued:  
"If this is the penalty for being president of the United States, I hope the good Lord will deliver my husband from any further experience."

W. H. Crook in "Memories of the White House."

**A Bad Cold**

She was a shiftless, slipshod creature, not very bright, not very strong, who used to come around once in a while to tell her tale of woe, accept a bundle of old clothes and perhaps earn a little by some odd job of cleaning. The family had missed her for weeks; then she reappeared.  
"Well, Leslie, where have you been?"  
"Oh, I been havin' the worst luck! First, I had a bone felon, and couldn't use my hana any for two weeks. Then I had neuralgia pains in my shoulder, an' couldn't use my arms any. Even now I got such a cold in my head I ain't been able to use my head for a week."—Youth's Companion.

### Papers Are Again Numbered

FIVE REWARDS OFFERED THIS WEEK FOR THE  
RETURN OF FIVE PAPERS—WINNING NUM-  
BERS WILL BE CALLED FOR IN NEXT TUES-  
DAY'S PAPER

Last Friday we started a campaign for promoting the reading of advertisements. In the beginning it was announced that if there was a sufficient response to justify it, we would continue the proposition indefinitely, otherwise it would be discontinued at once. The fact that the process is being repeated this week is evidence that we consider our efforts are being appreciated.

Last week we offered rewards for the return of four papers bearing numbers that were to be placed in advertisements in the following Tuesday's paper. Two of the four papers called for have been brought in, and the ones holding them have received the rewards offered; one a \$3.00 rug, the other \$1.00 in cash. Two of the rewards have not as yet been claimed. When everything is taken into consideration, the result of the first week's trial appears very satisfactory, though we would, of course, have preferred that all the papers called for had been brought in.

Five of today's papers will be redeemed in the same manner as last week, the rewards being as follows: One \$1.50 hair brush, from Wheeler & Mateer's drug store; one \$1.50 pair of gloves from Hill, Carden & Company's clothing store, and three cash rewards of \$1.00 each.

In view of the fact that the proposition apparently is not yet fully understood, we will again explain as briefly as possible all the details of how the rewards are to be given.

#### OUR PROPOSITION

In the box at the right of the head of today's supplement section, you will find a number printed under the line reading, "This is the number."

Each paper of the entire edition is numbered consecutively beginning at 100 and going on up to the end of the edition, which is approximately 3400. Five of these papers will be called for, by number, in next Tuesday's pa-

per, and the above named rewards will be given to the five persons who bring them to the Register office.

Before the papers were distributed today we asked three citizens, who could not possibly know anything about where the papers would go, to name five numbers somewhere between 100 and 3400; these numbers will be published in next Tuesday's paper. All you have to do is to save your tonight's paper until next Tuesday, and if it carries one of the three numbers called for bring or send it to the Register office and get your dollar.

We will distribute the numbers to be called for among the advertisements in next Tuesday's paper, and we ask you to look through the advertisements until you find the numbers. The number will not be concealed in any way, and will be placed in such a manner that they will be readily recognized. ALL YOU HAVE TO DO IS TO SAVE YOUR TODAY'S PAPER UNTIL NEXT TUESDAY, THEN LOOK THROUGH THE DISPLAY ADVERTISEMENTS IN TUESDAY'S PAPER FOR THE NUMBERS THAT WILL APPEAR. IF ANY ONE OF THE NUMBERS YOU FIND IN TUESDAY'S "ADS," CORRESPONDS WITH THE NUMBER ON THE MARGIN OF TODAY'S PAPER, YOU HAVE WON A PRIZE.

Choice of the rewards will be given in the order the reward-winning papers are brought in.

There is seldom a day but that there is abundant proof of the fact that advertisement reading is profitable to those who follow it up. If you are not one of those who make a practice of reading advertisements, begin right now; there's a splendid lot of good reading in the advertisements in this paper. It's true, of course, that not all advertisements will interest you, but if you look

through them all, you are almost sure to find one, and perhaps many, that you will derive some good from by reading.

Just at this time the majority of people are interested in Easter goods. Men, women and children all want something new to wear on Easter, the day of all days of the year when some bright new article of apparel seems so essential to happiness.

There are several advertisements in this paper that offer pertinent suggestions; some tell of what is stylish to wear, others talk about special inducements the merchants are offering, and all want to say something that will attract your attention to their stores. Some advertisers merely mention certain articles that are reasonable, without a reference to price or quality, or any description of the articles mentioned; such advertisements serve only as a gentle reminder that now is the time to buy, with a hint that the store of this advertiser is a very good place to buy such articles. The ad. of the Hill-Carden Company is an instance of this kind. They lay particular stress upon the dependability of their goods and their business methods, with scarcely a reference to price, yet this advertisement, by its wording, inspires confidence. Hill-Carden Company will give a pair of \$1.50 gloves for one of today's papers.

Wheeler & Mateer, the druggists, offer special price inducements in their advertisement, having decided to close out some lines of their stock; for certain good and sufficient reasons set forth in their advertisement in this paper. Those wishing to purchase Easter novelties will do well to read their advertisement carefully. A \$1.50 hair brush will be given by this firm for one of today's papers.

### EX-GOVERNOR FOR THE EX-PRESIDENT

EL CAJON, March 29.—In a letter to a prominent citizen of this place, ex-Governor Fort of New Jersey, enthusiastically indorses Theodore Roosevelt and gives reasons why progressives should support him. The following article appeared in the El Cajon News, of March 23:

"Writing to a friend, Percival Christie of Hillsdale, El Cajon, under date of March 11, former Governor Fort, who served for three terms in the highest state office of New Jersey and who was the last Republican governor of that state, says:

"Glad to get your views. You confirm what I have already learned, that the West is for Roosevelt.

"There is nothing in the third term suggestion. He has never run but once. He is the only hope for the party this year.

"Mr. Taft cannot be elected. At least that seems to be the feeling.

"The men who supported him four years ago are all against him and those who were against him then are for him now. These latter gentlemen have not changed—therefore he must have changed.

"I cannot stand for any man whom I do not believe to be a progressive Republican in the strongest and best sense of that word and I feel that Mr. Taft has forsaken us and done the things and consorted with the people which I had no idea he would when I supported him four years ago.

"In this state, in 1908, all the bosses were against him. This year they are all for him, and the best thing for a man who is anxious for the welfare of his state and country to do is the thing which they do not want.

"I know that Colonel Roosevelt did not want to run. His friends have urged him in the hope that he might save the party and he is doing now what he did for Governor Hughes two years ago, namely, going to the front to try and help save the party.

"The people believe in him and they have every reason for so doing."

#### ESTABLISH FREE SERVICE VERY SOON

Huntington Beach News: A. B. White, route agent for the Wells-Fargo Express Company, was here last Friday and informed the News that the company will doubtless institute a free express delivery here in the territory bounded by Eighth and First streets and Ocean and Magnolia avenues as he will recommend that step. The recommendation must be approved by the company's officials and the delivery will probably begin during April. Arrangements will be made with a transfer firm to do the work and whenever the quantity of business secured here justifies the step an express wagon will be kept here regularly.

### PIPE GAS TO BEACH TOWNS

Santa Ana Plant May Supply  
Huntington Beach and  
Newport Beach

This week officials of the Southern Counties Gas Company have been in Huntington Beach, Newport Beach and Balboa in consultation with city officials and property owners of these places with a view to reaching an understanding as to the plans of the company to pipe gas from Santa Ana to those points.

The plan as announced by the company is to run a heavy pressure main from Santa Ana, where the company's plant that supplies Santa Ana, Orange, Anaheim and Fullerton is located, to Huntington Beach, where a distributing system will be put in, and from that city down the sand spit to West Newport, Newport Beach, East Newport and Balboa. P. R. Bain, president of the gas company, held a conference with Collins of Balboa Island.

### CATHOLIC GAIN IN 10 YEARS, 4,038,812

Church Membership Doubles  
in Two Decades—399,500  
in California

There are 15,915,569 Catholics in the United States, proper, according to the 1912 edition of Kennedy's Official Catholic Directory, which is authority also for the following statistics:

A year ago the Catholic population of the country was 14,618,761, while ten years ago it was 10,976,757, showing an increase of 4,038,812 for the decade. Twenty years ago Catholics numbered 8,615,785, showing that within twenty years the Catholic population has nearly doubled.

#### Have 13,939 Churches

There are 17,491 Catholic priests in the United States and 13,939 Catholic churches, of which 9256 have resident priests, the other 4683 being mission churches. The directory also shows there are 14 archbishops, two titular archbishops, 97 bishops, two archabbots and 5 abbots in the union. There are also 83 seminaries with 6006 students preparing for the priesthood; 229 colleges for boys, and 701 academies for girls.

There are 5119 parochial schools with an attendance of 1,333,786. There are also 289 orphanages caring for 47,111 orphans.

#### Teach 1,540,049 Children

Including the children in parochial schools, orphan asylums, academies, colleges and other charitable institutions, the grand total of young people under Catholic care amounts to 1,540,049.

The appended table shows the Catholic population in certain states:

New York, 2,778,076.  
Pennsylvania, 1,616,920.  
Illinois, 1,447,400.  
Massachusetts, 1,381,212.  
Ohio, 745,271.  
California, 399,500.  
Texas, 300,917.

### Hill's Corner

We have long been aware that great changes have taken place in Kansas and tributary country since we departed therefrom but we were greatly surprised to learn (through Bro. McDannald's letter in Saturday's Register) that the topography and geography of the country had so wonderfully changed.

When we last visited Kansas City the hills were there but the wholesale business was nearly all confined to the bottoms and were frequently overflowed, but that's all changed and there are no bottom lands!! Marvelous change!!

And then the "Big Muddy" and the Kaw rivers were there, but the "Little Blue" was lost in the Big Blue one hundred and fifty miles northwest of the point where Bro. McDannald found it. Just how it happened we are not informed, perhaps it was an "airquake" that did it and our friends forgot to tell us of it.

Then there's the terribly flat land all over the state, whereas when we lived there it was almost entirely occupied by rolling prairie except the "river bottoms," so there must have been some powerful rains during the past 25 years.

Then to learn that the soil is so generally "underlaid with impenetrable stone but a few feet from the surface" is terribly distressing and doubtless accounts for the political hard-heads that have managed to live there since the days of Jim Lane and John Brown.

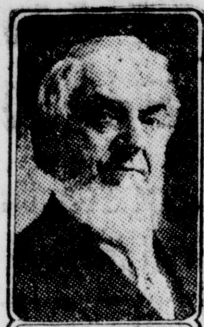

That was a wise saying of Josh Billings that it is just well not to know so much as it is to know so many things that ain't so.

## PASTOR RUSSELL'S ADIEU TO INDIA.

Found Large Hospitals For De-  
crepit Animals.

Other Observations on India, but No  
Reference to Missions—Foreign In-  
vestigation Committee Will Report  
Findings in Hippodrome Upon Its  
Return to New York.

Bombay, India.  
The Committee of the International Bible Students Association for the investigation of Foreign Missions have spent three weeks in India and traveled over three thousand miles. The seven members divided the work amongst

them at the various stopping points and will co-labor in the report. The committee will report its findings at a meeting to be held in the New York Hippodrome on March 31. A summary of today's discourse of Pastor Russell in the Y. M. C. A. Auditorium is as follows:—

I had a great interest in your land and its people before coming to your shores, but my interest has been greatly increased by what I have witnessed during the past three weeks in India—not only in your largest cities, but also in your towns, villages and agricultural districts. As there are no other extremes in the world so great as between the caps of your Himalaya mountains and the wash of your coral strands, 29,000 feet below them, so likewise there can be found no greater contrast socially and financially than between your wealthy princes and your poverty-stricken lower castes. Although such contrasts are deplorable we have no remedy to suggest, except the Divine one—the establishment of Messiah's Kingdom.

Generous instincts of India's Wealthy. Although I have remarked of your hundreds of millions of hopelessly poor, I have not overlooked the fact that some of your wealthy have shown that they are not without generous instincts. Many of your merchant princes have evidently given largely to the charitable institutions, notably in Bombay, large animal hospitals having been provided for decrepit chickens, donkeys, etc.

However we may consider such benefactions, in view of human need and suffering, we cannot overlook the fact that sympathy is there, only waiting for the proper direction, which Messiah's Kingdom will shortly give.

Our forefathers saw the height of God's love for the holy angels and its condescension to the saintly of men, but they did not see its depths. They did not see that the Redemption accomplished by Jesus is ultimately to reach down to and embrace the very humblest and most degraded of humankind, dead as well as alive. How the precious Scriptures which tell of Jesus as the Savior of the world, as well as of the Church, escaped our notice, who can explain?

But surely glad are we that now we can see clearly that the Redeemer is a Propitiation for our sins, the Church's sins, and not for ours only, but also for the sins of the whole world.

This fuller appreciation of the lengths and breadths of Divine love toward the elect Church, the Bride of Christ, will not be fully exhibited to angels and to men, even during the glorious period of Messiah's reign. Saint Paul explicitly declares, "that in the Ages to come He might show the exceeding riches of His grace in His kindness toward us through Christ Jesus." (Ephesians II, 6, 7.) Is it asked what opportunity there will be for further favors to be bestowed upon the Church at the conclusion of Messiah's reign?

If our astronomical concepts are correct, all the fixed stars are suns, and around each sun are planets. Are there, then, a thousand blazing suns? Yes, more! Are there ten thousand? Yes, more! Are there ten times ten thousand? Yes, more! Are there ten times a hundred thousand, a million? Yes, more! Are there ten times ten millions, a hundred millions? Yes, more! And if we allow an average of ten planets to each sun this would make more than a thousand million planets, all made not in vain, but eventually to be inhabited.

Alas! our poor minds are bewildered with such manifestations of Divine Power and Wisdom, even as we have already been bewildered in our attempt to appreciate the heights and depths of Divine Love. Will there not indeed, then, be quite a sufficiency of the Divine Program to be worked through Christ and the Church to justify the Apostle's statement that in the Ages to come God will manifest the exceeding riches of His grace in His loving kindness toward us in Christ Jesus?

### LOS ANGELES PRODUCE MARKET

Receipts of oranges for the week are likely to be larger than for some time. Fair weather has afforded growers an opportunity of picking, and carload orders, which have been held, are now being filled along with heavy wagon deliveries coming in on the market. The heavy receipts in nowise affected the market on standard and large sizes, quoted prices being firmly held. Inferior stock moved at ridiculously low prices to the peddler trade. The market for lemons was apparently a little unsettled. The shipping trade found plenty of demand at top prices, but retailers usually refused to pay more than \$3.25 per box.

Tangerines were a slow sale at present quotations. The best stock was held at \$1.40.

The apple market showed a slight improvement, though it is competing with rhubarb in the restaurant trade. Newtown Pippins continued to command firm prices. Four-tier stock never selling under \$1.75 per box. Red varieties of sound keeping quality found a fair market, but as a rule handlers were willing to make concessions on round lots of these.

Tomatoes were inclined to be weak with the market liberally supplied with Mexican offerings.

Celery was abundant. The market declined materially and fancy Sacramento River stock was quoted at 75 cents a crate lower at \$4.50 per crate. Inferior stock sold at \$4 per crate and was in good demand at that figure.

Green peas of choice quality commanded 8 cents per pound, but there was plenty of stock to be had at 5 cents. Bell peppers and egg plant were in more liberal supply and well quoted lower. Peppers went to 30 and 35 cents, while egg plant sold 5 cents cheaper at 30 and 35 cents.

Eggs were steady at former rates. Receipts were more liberal, but the trade was rather quiet. Receipts were 948 cases.

The strength of outside markets on butter influenced a firm feeling on this commodity locally, though there was no quotable change in prices. Receipts of fine creamery were moderate and, while buyers were not disposed to operate except for actual wants, the demand was sufficient to keep supplies of all grades pretty well cleaned up. Ladies were in liberal supply and steady, though demand for this grade of butter was light. Arrivals were 51,045 pounds.

Potatoes were easy, but showed no tendency to decline. Receipts were normal. Highlands continued in good call at quoted prices. Receipts were 3787 sacks.

Onions were held firm at quoted figures. There was a fair demand during the day for Mexican stock at \$3 a crate. No receipts were reported in.

Sweet potato receipts were forty-two sacks. The demand was for good stock.

Bean arrivals were 240 sacks. They continued firm to steady.

In the dried fruit market a number of changes were recorded in prices. The market on the smaller sizes declined to 1/2 cent, while 20-30s were held firm at 20 cents. Other dried fruits showed no change, the market being dull at this season.

### Mr. Keech Makes Reply

Progressive Republican Writes of the Congressional Situation

FROM THE ANAHEIM GAZETTE.

Santa Ana, Cal., March 21, 1912.  
Editor Gazette.—In your issue of March 21, I notice, under the title of "A Political Conspiracy," your reprint of an article from the Riverside Enterprise, containing some correspondence between H. L. Carnahan, chairman of the county republican central committee of Riverside county, and E. R. Amerige, J. P. Baumgartner, and myself, together with S. C. Evans' statements concerning the matter involved.  
I notice by your introduction that this was sent you for publication and infer that you published it by request. From my knowledge of your carefulness as to facts and fairness as to their publication, I cannot believe you were fully informed as to the facts, or you could not have characterized, as you did in your introduction, the conduct of our committee in the matter.  
In the first place, a careful reading of our letter which you published shows that we did not pretend to represent all of the republicans, even of Orange county. Our closing statement, was, "We represent only the progressive republicans of this coun-

ty, as they in general are represented by the progressive league, whose committee we are."  
In the second place, the entire scope and purpose of our action was simply, by conference and co-operation with progressive republicans in other portions of the congressional district, to select and support the strongest progressive republican against the conservative republican who would contest with him before all the republicans the right to be their candidate for congress. We in no way attempted to deny or abridge the right of conservative republicans to select, in any manner they chose, one or any number of candidates to contest the right of Mr. Cuttle and any other for the nomination by all of the republicans of the district of their candidate for the office. You will observe that Mr. Carnahan himself, and Mr. Evans, his choice, recognized that the question was one among progressive republicans only, for Mr. Carnahan said, "Since there is no question as to the aggressive, progressive republicanism of either Mr. Cuttle or Mr. Evans."  
I also notice that some republicans

in Orange County object to any republican classifying himself as a progressive or conservative. It may be that, in your opinion, no republican, while remaining in the party, has a right to designate himself by any distinctive characteristic, such as "progressive" or "conservative." But, Mr. Editor, to insist on this is to shut our eyes and deny the existence of the most important fact and condition in the republican party at this time. It is to wipe out the greater part of the political literature of the republican party written during the last ten years. What impropriety is there in giving a name to divisions and classes which so unmistakably exist?

The only remaining question is, whether republicans calling themselves progressive have a right to so specially distinguish themselves. The Standard dictionary, on page 1423, thus defines a progressive: "One who believes in progress or progressive methods; especially, one who favors or promotes reforms or changes, as in politics or religion; a radical; opposed to conservative or reactionist." Now, Mr. Editor, the progressive republicans believe they have a right to assume that term, because they favor reforms in politics and republican politics. In all other activities, industrial, educational, religious, the people of this great country have taken immense strides of progressive advancement within the last few years. Do government and politics

alone stand still? Was there such plenary inspiration to the fathers when they wrote our federal constitution, or to Abraham Lincoln and the other immortal founders of the republican party when they drafted its first forms of organization or wrote its early platforms, that no improvement can be made by any change therein? It is probable, while natural science in the last century has advanced more than one hundred per cent upon its former holding, and industrial progress has conquered the forces and material of nature amounting to more than two hundred per cent of its former domain, that governmental science and practice can safely stand where they were at the beginning of the century, or creep along with slow and timid tread, for fear they might violate some maxim of "the fathers?"

No, indeed. I know, Mr. Editor, that you do not so hold. Changes are necessary—progressive changes. A number have been made. Others are advocated. Not all that have been made will probably prove permanently good. Certainly, not all that are still advocated will prove good. The permanent freedom of all the people can only be secured by keeping the machinery of government up to date, and the only method by which this can be done is by careful and courageous experiment along lines of most probable improvement. Not all change is progress, but all progress is change. Differences of

opinion have naturally and inevitably arisen among all honest, patriotic republicans as to what proposed experiments in government are desirable. One group have reached a consensus of opinion that the initiative, referendum, and recall in government would be beneficial and should be at least experimentally adopted. Another group have reached an equally honest conclusion that these methods are undesirable and should not be adopted. Why may not these two groups be properly described as progressive and conservative republicans? Such is the natural and usual classification of politicians and statesmen the world over. And why may not the persons so honestly working together under a common bond of belief, and yet divided as to some of the details, frankly and fairly present and promote their views without feeling or bitterness?

Would that all republicans might have more of the calmness, candor, comprehension, and fairness of that great original republican whom we are all so proud to own and honor as pre-eminently worthy of the name, Yours truly,  
E. E. KEECH.
